Southern Farm Market Summary

Southern cattle producers increased their marketings of cattle and calves with strengthening prices, but the movement of hogs dropped off about 25% despite substantial price recoveries from earlier declines.

Generally prices were 50 cents to \$1 a hundred higher than last week and hog prices were 75 cents to \$2, mainly \$1.50 a hundred.

Broiler markets were weak and unsettled, with prices unchanged to lower.

Carlot shipments of fresh fruits and vegetables were very light.

Flue-cured tobacco prices turned downward this week. End of season sales of lower grade eased off in price, and a smaller volume of sales in the Middle Belt had the lowest average in nearly a month.

Cotton prices remained relatively firm this week and the closing market average for Middling 15-16 inch staple was 31.15 cents a pound.

CAMEL MILDNESS

30-Day Test of hundreds of Camel Smokers revealed NO THROAT IRRITATION DUE TO SMOKING CAMELS

In a recent test, hundreds of men and women all across the country smoked Camels—and only Camels—as an average of one to two packages a day—for 30 consecutive days. Each week their throats were examined by noted throat specialists—a total of 2470 examinations—and these doctors found not one single case of throat irritation due to smoking Camels.

Correction

Mr. and Mrs. Cecil Sheppard announce the birth of a daughter, Martha Glenn, on Saturday, Sept. 25 instead of the 24th as previously printed and at Parrott Memorial Hospital instead of Memorial General Hospital. Mrs. Sheppard was formerly Miss Lillie Glenn Jordan of Pink Hill.

Surprise Party

Friends of Miss Isabelle Goodson gave her a surprise birthday party October 4, at Wake Forest College. Games were played after which Miss Goodson was presented a huge birthday cake. The honoree cut the cake which was served. Sandwiches, potato chips, cookies and soft drinks were also served. Miss Goodson received many useful and attractive gifts.

WHAT IS AN EXTENSION TELEPHONE?

An extension telephone is an extra telephone instrument attached to your present line. It can be placed anywhere in your home or place of business. Since the telephone instruments are again available, we are happy to announce that EXTENSION TELEPHONE SERVICE IS AVAILABLE AGAIN.

Main telephone service, however, is still on the "hard-to-get" list because production of the central office equipment and lead covered cable needed to extend our present facilities, is slow and delivery dates uncertain. We shall continue, however, to install main telephones where we have the necessary outside facilities and central office equipment.
