The dances, held weekly, are sponsored by the local V.F.W. Club. The club expects in the near future to erect a hut from proceeds derived from these dances.

Chevrolet... Leader in Value

Your choice for QUALITY

on all these counts

...at prices that are lower than those of any other car in its field!

Your No. 1 Choice for RIDING SMOOTHNESS	Your No. 1 Choice for PERFORMANCE with ECONOMY	Your No. 1 Choice for ALL-ROUND SAFETY	Your No. 1 Choice for TASTEFUL BEAUTY
---	--	--	---------------------------------------

Men and women agree that Chevrolet gives a much smoother, steadier ride than other cars in its field. The reason is that Chevrolet alone has the original Unitized Knee-Action Ride, backed by more than 14 years' experience in building Knee-Action units. This feature is found elsewhere only in higher-priced cars.

You'll enjoy much finer performance with economy in Chevrolet. Its world's champion Valve-in-Head engine holds all records for miles served, owners satisfied, and years tested and proved. And Valve-in-Head engine design, like so many other Big-Car features, is found only in Chevrolet and more costly cars.

You and your family will ride in safety, thanks to Fisher Unisteel Body-Construction—safety plate glass in all windows—the road-steadiness of the Unitized Knee-Action Ride—and the stopping-power of Positive-Action Hydraulic Brakes—fourfold safety-protection exclusive to Chevrolet and costlier cars!

You know—and your friends know—that the emblem, *Body by Fisher*, is the hallmark of bodies that are better by far. Chevrolet's Bodies by Fisher reveal this finer quality in every detail, including the hardware, upholstery and all appointments. Naturally, these bodies are exclusive to Chevrolet and higher-priced cars.
