Make the 30-Day Test— PROVE CAMEL MILDNESS! ● Smoke Camels and only Camels for 30 days — and see for yourself how mild a cigarette can be! This same test was made by hundreds of men and women under the eyes of noted throat specialists. The smokers in this test averaged 1 to 2 packs of Camels every day for 30 days. Their throats were carefully examined each week. After a total of 2470 examinations, these doctors reported NO THROAT IRRITATION due to smoking CAMELS

A sweetheart for a winter start!

Want to get off to a good start? Then let your Conoco Mileage Merchant steer you right... He'll tell you that when it comes to fast, smooth winter starts, a lot depends on having the right kind of oil in your engine. He'll tell you, too, the right oil is winter-grade Conoco No. 1 Motor Oil. For two reasons: First, because winter-grade No. 1 is specially refined for cold-weather performance. It's lighter... freer flowing. Saves wear on your battery... and on your nerves... because it gives you faster starts. And second, No. 1 oil extra-protects against "dry" friction starts... saves wear on engine parts... because it contains a special, added ingredient that actually OIL-PLATES metal surfaces. And this extra film of lubricant stays up... won't all drain down, even overnight! So, if you want to start off right—and light off—on the next wintry morning...

Make a date to Oil-Plate!
