Enjoy Living at HOME!

Modern That Is Today's Answer To
 Smartness, Comfort And Economy

In Five Sections Circular Sofa

This is really the "conservation piece" of your room. Covered in a rough textured fabric, typically modern, in clear, cool tones of green, red and blue. All of the five pieces are of course, the same shade.

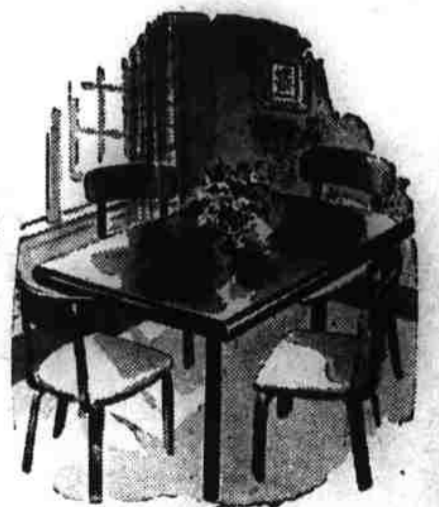

Modern Bedroom

Sleek, suave lines, beautiful veneers and uncluttered surfaces make this "new look" modern so very attractive and easy to live with. You may have the bed, and any two major pieces at an unusually low price.

Modern Dinette

Equally at home in your living room, if it has a dining "L". The table seats six, and the chairs are covered in leatherette in very attractive bright colors. One of the best values in the store.
