## Woman's old problem relieved by 2-way help

What to do for woman's oldest problem, functional monthly pain? Many a girl and woman has found the answer in CARDUI'S 2-way help. You see, CARDUI may make things lots easier for you in either of two ways: (1) started 3 days before "your time" and taken as directed on the label, it should help relieve functional periodic pain; (2) taken throughout the month like a tonic, it should improve your appetite, aid digestion, and thus help build up resistance for the trying days to come. CARDUI is scientifically prepared and scientifically tested. If you suffer "at those certain times", get CARDUI today.

## Oregon Youth Breaks Jersey Herd Record

LANGLOIS, OREGON—Ralph E. Cope, Jr., twenty-two year old Jersey breeder and the fourth generation of his family to operate the same farm, has early reached an enviable pinnacle of agricultural accomplishment. Ralph's herd of 32 registered Jerseys has recently completed its fourth year of production testing under the Herd Improvement Registry program of The American Jersey Cattle Club, and has established a new high average for the breed. The Gold Star award was presented to Ralph by The American Jersey Cattle Club for this record-breaking average of 628 pounds butterfat per cow maintained over the four-year period. The four separate years which contributed to this four-year total saw Ralph's herd compile yearly averages of 575, 627, 666 and 644 pounds butterfat per cow, eloquent testimonial to the high production which can be obtained from dairy cattle by selective breeding and good management. Ralph Cope, at the age of twenty-two years, has set an example which, if followed by more dairymen, would lead to a greater abundance of milk for America's people, and a better living for America's farmers.
