Services For Turner Brothers

Military funeral services for Pfc. Hubert J. Turner and Pfc. Osburn C. Turner, brothers who entered service at the same, and who died in the same town in France in 1944, were held Sunday afternoon at 3 o'clock in the family cemetery at Beulaville.

They were sons of Dale Turner of Beulaville.

The brothers entered service on July 30, 1942. Hubert died September 18, 1944, in Limey, France and Osburn on October 2, 1944, at the same place. Hubert was 23 years old when he died, and Osburn was 24.

Surviving are the mother, two brothers, Lee of the home and Bruce of Beulaville, Rt. 2; three sisters, Mrs. Keith Jones of Mount Olive, Mrs. Richard Whaley Beulaville, Rt. 2, and Retha Turner of the home.

Pfc. Bostic Is Laid To Rest

Funeral services were held on Sunday, Nov. 7, at 4:00 p.m. at the graveside by Rev. Ransom Kennedy for Pfc. Darward Bostic, 20, who died while in service overseas. Burial was in the Bostic cemetery. He was the son of Mr. and Mrs. Millard Bostic of Beulaville.

He entered service on Sept. 13, 1944. He died overseas on December 11, 1945. It was reported that before death he returned to his barracks from guard duty and was making coffee on a gas stove and while waiting he lay down on his cot and evidently fell asleep. For when found, the coffee had boiled over, extinguishing the flame and causing the gas to escape which caused his death.

Survivors are the parents, three sisters, Mrs. Doris Baysden of Richlands, Georgia Mae and Annie Fay of the home; five brothers, Glenwood of Kenansville, Elbert, Cecil, Harold, Clifton and J. M. Bostic of the home; a maternal grandfather, Gary Raynor of Chinquapin, and a paternal grandmother Mrs. Melissa Bostic of Beulaville.

European Check-Up

How would you like to be able to take a five-weeks' trip to Europe to see if what you've heard is true? Mr. Ernest T. Weir, chairman of the National Steel Corporation of Pittsburgh, did just that. He made informal contacts with people of all sorts. Then he had opportunity to interview outstanding men of finance and industry in each country.

Because of Mr. Weir's nationally recognized leadership, and because I consider him a far-seeing and capable observer, I want to give you some of his conclusions.

People Must Work

English businessmen he interviewed think England must work out her own salvation. They said more U. S. dollars poured into England would be harmful. Our \$4 billion loan to them has been wasted, they told him, and has kept England from facing problems squarely. "England's greatest need is for better government, more hard work and greater production."

France, excepting war-torn areas, was in about the same physical shape as England. "The most serious condition in France is the black market in money," he added. The black market offers twice as many francs for a dollar as the government allows officially. "The great problems of France are bad government, encouragement of the people to believe they can live without working, and the consequent failure of the people generally to produce."

Follow Up the Money!

Mr. Weir thinks the German people must have full liberty in the reconstruction of their country. He branded the Mozenthau plan, as applied in Germany, "one of the great crimes of history." America should stop lending or giving money without proper planning and full investigation of the use of the money. At the same time, he believes Germany is a safe place to put funds for reconstruction, with proper plans.

The individualism of the people in England, France, and the United States makes communism an unreal danger. He believes the people in these countries will never, for long, permit "the iron heel on their necks." It is his belief that a program financing foreign nations so they will not go communistic is without justification. "People who will stand for Communism will go in that direction irrespective of what we may do to the contrary."

Need for Leadership

Europe is loafing on the job of genuine recovery, he believes. "The day they roll up their sleeves and go to work, recovery will begin." Visitors find the English and French, supposedly starving, working only 40 hours a week. Mr. Weir asks: "Why don't they adopt a six-day week, which would greatly increase the production of all materials?" There are enough resources and manpower. "Given the right kind of leadership and adequate incentives... the peoples of Europe would work harder and more productively."

Mr. Weir's phrases "right kind of leadership" and "adequate incentives" suggest the key to this entire puzzle of European difficulties. Take away the profit motive and people lack incentive to work. Then add tax oppression and all the decay of leadership that Europe has had to put up with. The result is unrest and economic chaos. Grabbing the nearest "ism" will not bring prosperity, nor freedom of any kind, for anyone. That is the way to shackles that bind men: hands, feet, and ideals.

kin-cutouts and the Halloween napkins added a festive air to the Halloween dance we had last week. The 8 pounds of candy corn was enjoyed on several occasions especially by patients on one ward, after they had engaged in a lively contest conducted by one of our Gray Ladies. I am sure we shall use the red and blue construction paper in our Xmas decorations. "I thank you" for remembering our patients with so many donations.
