As I write Thanksgiving Day is just three days away, and I am looking forward to it with great anticipation; however, by the time you read this you will have done with your feasting, with nothing much of Thanksgiving left but fond memories and some turkey. Don't those Thanksgiving turkeys last the longest? Have you noticed by the papers how the larger cities in North Carolina, and all over the U. S. are beginning their Christmas decorating? There are going to be parades and fun for all children. Wallace will be no exception; the place is bubbling over with Xmas excitement, and we hope to see all of you around from time to time, taking in your share of fun. All Wallace merchants have been, or are sponsoring store-wide sales that spell savings for you and me. Thad Grotgen in the Glove Variety Store is going to give away a beautiful complete service for eight of Holmes & Edwards sterling inlaid silverplate, in the Danish Princess pattern. You still have lots of time to get in on that; ask at the store for details. Glove Variety also has a record club, which saves you the price of one record in ten. And you buy your records one at a time or in lots.

If you haven't heard about the free show at the Danca every Saturday morning, which had its beginning last Saturday, lend an ear. This show is sponsored by the merchants of Wallace, and is broadcast from the stage from 10:30-11:30 over Station WRRZ. Tickets for these shows are free and are available from any of the merchants sponsoring the show. Yours for the asking. Audience participation will be invited, I understand.

Do buy up some of those pretty plastic aprons for any woman on your Christmas list, and a couple for yourself, too. They are tops as washday time savers. Can anyone send me a recipe for sweet potato custard? It would be greatly appreciated, if you would. I haven't had any in ten years, and I never have made any. Mighty good eating.

Is there anyone among my readers who has never french-fried sweet potatoes? There is a special treat to brighten up a dull dinner. Just do them the same as white french fried, and sprinkle with sugar instead of salt. They ought to be especially delicious with some of the fresh pork you-all are enjoying at this time of year.

Well, do get that Christmas shopping done early, so you can concentrate on prepping yourselves and your home for the holidays. And especially so that Christmas week finds you in the proper frame of mind for the Holy Season, the birthday of Jesus.

Name North Carolina Top Ranking 4-H'ers

TRIPS to the 27th National 4-H Club Congress in Chicago were given four North Carolina club members as rewards for their outstanding records in the 1948 National 4-H Better Methods, Farm Safety, Garden and Health programs. The state winners and brief outlines of their records follow:

Providing her family with plenty of healthful home-grown vegetables was a major achievement for Elizabeth Koontz, 18, of Mocksville, but she has now also been recognized with State honors in the 1948 National 4-H Garden program. During her seven years in club work, Elizabeth planted and tended 17 varieties of vegetables which she valued at \$1,083. She reported a bumper tomato crop and produced 5 bushels of potatoes from 25 plants. As a recognition of her achievements, Allis-Chalmers provided Elizabeth with an educational trip to the National 4-H Club Congress, Chicago.

Paul Breedlove, 17, of Nashville, speeded up many farm chores by making a portable motor for use

during each of her seven years in club work. This year she helped the county health nurse in the pre-school clinic of 50 children. She has also served as vice-president, secretary and junior leader of her local 4-H Club. As a recognition of her 4-H health activities, Kellogg Company has provided Sue an all-expense trip to the National 4-H Club Congress, Chicago. County 4-H groups winning \$20.00 cash awards for their health activities are: Jasper 4-H Club of Craven county; Murphy High, Cherokee; Sunnyside Jr., Cumberland; Glenn Junior, Durham; West Edgewood Senior, Edgecombe; Union Grove, Iredell; Aurelian Springs, Halifax; Hickory Grove, Mecklenburg; Beulah, Sur-

on corn sheller, emery wheel and other machinery. He also increased egg production by use of electricity in poultry houses because of skill achieved through the National 4-H Better Methods Electric program. Paul has been named State winner in the program in recognition of the many better methods he has developed for doing farm and home tasks. In addition to project work, he has served as president, vice-president and leader in his club. During his seven years of club work he has completed 31 projects. Paul received an all-expense trip to the National 4-H Club Congress, Chicago, provided by the Westinghouse Educational Foundation.

The practice of best personal health habits and aid to home and community health service has won Sue Nichols, 17, of Raleigh State honors in the 1948 National 4-H Health Improvement program. Sue completed a health project

and Knightdale Senior 4-H Club of Wake county.

By eliminating accident and fire hazards around her home and home, and community, Marveline Blackmon, 17, of Four Oaks, won top State honors in the National 4-H Farm Safety program. Marveline has accomplished 100 in 4-H safety work such as: eliminating an accident and fire hazard survey on her farm; giving four safety programs and safety demonstrations at City Council, school and neighborhood groups. She also had water checked, removed hazardous sharp tools, nail gun work. In addition, she has found time to serve as president, vice president, secretary and treasurer of her local club. In recognition of these achievements, General Motors provided Marveline an all-expense trip to the National 4-H Club Congress, Chicago.

All of these activities are conducted under the direction of the Extension Service of the State Agriculture College and USDA cooperation.

Southern Farm Market Summary

Hog receipts at southern markets increased sharply this week, and prices ranged mostly from 25 to 50 cents lower. In New York post prices were \$2 lower than a week ago.

Cattle trends were irregular at southern markets this week with prices strong to 50 cents higher at the start. However, by the close of the week at Nashville, part of this gain was lost.

Turkey markets were up rather sharply this week with an advance of 3 cents in North Carolina.

Broiler prices advanced 1 to 4 cents.

Snap bean prices went lower this week as shipments increased from Florida.

Spot cotton advanced 35 cents a bale Friday and middling 15-16 inch staple was quoted at an average of 31.63 cents a pound.

LOW COST TRACTOR POWER

Here is a full size farm tractor at a reasonable price. It can be operated very economically and is capable of handling all jobs on many family size farms. Pulls 16-inch plow in average soils; cultivates and mows up to 4 m.p.h.; ideal for belt work and farm chores. A money-saver for odd jobs on large farms where only moderate power is needed. Stop in and get the full story on the Allis-Chalmers Model B tractor.

EVER SEE A REVOLUTION?

You're looking right into the middle of one! It is an experimental hay drier out on the State Farm at Willard, financed in part by Tide Water. Driers like this have revolutionized haying in other states. To local farmers they may prove the answer to lower feed costs—and increased farm prosperity which benefits everyone.

Tide Water has an active program directed toward helping farmers lower costs with less work. In fact, the company is always trying to improve its service, to make life easier for all its customers and to stimulate the growth and progress of the Tide Water area. If you care to investigate, we'll be glad to show you how this service comes to you at rates as low or lower than the average for the entire Atlantic Coast.

Let 'er blow...

The one thing that won't help you through the winter is a lot of talk. So we'll make it brief:

Change now to winter-grade Conoco N# Motor Oil for faster starts, peak winter engine performance and the full-time protection of OIL-PLATING.

Faster starts: Winter-grade N# is specially refined to lubricate your engine even when the temperature plunges. It's free-flowing.

Peak winter performance: When you drain out that thick, dirty summer oil, you say goodbye to balky engine response. Winter-grade N# puts June under the hood!

Full-time protection: A special added ingredient fastens an extra protective film of lubricant to metal surfaces...OIL-PLATES every working part...cuts down "dry" friction starts and general engine wear.

Let winter blow...

Oil-Plate and go!
