Nice for a change....

It's nice for a change, when the family gathers around the fireplace these holiday evenings, to tell stories, to toast marshmallows—or maybe just to sit and visit among the flickering shadows. Precious few of us, however, would like to go back to the days when there were no electric lights—to have to do without the convenience and work-saving that today's appliances provide. By bringing you the electricity and gas you need, all 360 of us here at Tide Water like to think that we are, in some real measure, contributing to the comfort, health and happiness of your family and your friends and neighbors.

At this holiday season we of Tide Water wish to extend the very best wishes for the merriest Christmas ever—and the very finest of New Years, too! Our promise to you is that we will continue to do everything we can to make it so!
