CHEVROLET
is the most Beautiful BUY of all

The most Beautiful BUY for Styling

Look at this exciting new Chevrolet from any point of view—inside and outside, front, side and rear—and you'll agree it's the smartest-looking automobile of this new year. For it alone, of all low-priced cars, brings you the distinguished beauty and luxury of Body by Fisher—the body featured on highest-priced cars.

The most Beautiful BUY for Comfort

Settle into the deep, soft, form-fitting seats. Notice the extra-generous head, leg and elbowroom of the Super-Size Interior. Ride in this "car that breathes"—with an advanced heating and ventilating system that inhales outside air and exhales stale air—giving comfort beyond compare! (Heater and defroster units optional at extra cost.)

The most Beautiful BUY for Driving and Riding Ease—with new Center-Point Design

Most sensational of all the advancements in this thrilling new Chevrolet for 1949 is the entirely new kind of driving and riding ease which it introduces into the low-priced field. New Center-Point Design—including Center-Point Steering, Center-Point Seating, lower Center of Gravity and Center-Point Rear Suspension—brings you driving and riding results heretofore found only in more expensive cars. The difference is so great—and so pleasing—that it's no exaggeration to say it is proving a revelation to all who drive or ride in this car. Remember—only new Center-Point Design can give these finer motoring results; and only the new Chevrolet offers Center-Point Design at lowest cost.

The most Beautiful BUY for Performance

What thrills you'll have when you drive this car! It's the only low-priced car with a Valve-in-Head engine—the engine which more and more makers of higher-priced cars are adopting—because it gives a much finer combination of performance, economy and dependability. And Chevrolet's world's champion Valve-in-Head engine holds all records for miles served and owners satisfied.

The most Beautiful BUY for Safety

Yes, you and your family will enjoy maximum safety, for Chevrolet brings you fivefold safety protection found only in this one low-priced car: (1) New Certified Safe Hydraulic Brakes; (2) Extra-Strong Fisher Unisteel Body-Construction; (3) New Panoramic Visibility; (4) Safety Plate Glass in windshield and all windows; and (5) the super-steady, super-safe Unitized Knee-Action Ride.
