**HELP**

Do you need help—highly expert help—in getting back on the high road to health? The best counsel anyone can give you in such a situation is to lose no time in calling on your Doctor. Better go and see him before you take another look in that morning mirror. He'll help you start the day with more energy and zest. If your condition requires corrective or preventive measures, he will know what to do to help. He will know, too, a dependable source where you can take his prescriptions for careful compounding. Ask him about this pharmacy.

**BOB GRADY SAYS**

Did you hear the Radio broadcast over WRRZ last Sunday afternoon? It was a splendid program. Faison McGowen gave some very interesting historical facts he dug up from old tax records. Mrs. McGowen read a number of poems composed by Duplin high school children. Lacy Weeks reported on ticket sales to "The Duplin Story". His report was very encouraging. Have you bought your ticket yet? Gilbert Alphin made a plea for increased sales of tickets.

Reports generally from all parts of the county indicate that interest in the Pageant is growing daily. As to the auditorium - have you paid your pledge? Supt. O. P. Johnson says that on receipt of a few more hundred dollars he will be ready to break ground on the new Memorial Auditorium. We know money is tight with every one but let's strain a point and get things moving. This is one of the greatest opportunities that this county has ever had to do something that will benefit every one in the county and something we will all be proud of. Have you read the column that appeared in last week's paper? If not dig it up and read it.

Jasper Smith, postmaster at Pink Hill, was in to see me Monday night. "Jap", the Men's Club in Pink Hill and the Duplin Times, also people of Seven Springs are doing their best to improve mail service to the people of Smith, Albertson and

parts of Glisson Township. We've had some favorable and some unfavorable reports from Washington City. It has been proposed that the various towns in Duplin plan one or two street dances some time during the summer as pep meetings for the Pageant. It sounds like a good idea. In the rural communities dances can be held at the various gathering points. We appreciate the poem printed last week by Miss Daisy Burnham. Let's have some more of our Duplin poetry. Poetry, like music, is loved by nearly everyone. What's happened to the Faison Poetry Club. Why don't you folks send some along?

Jacksonville, Mar. 26.—Grover C. Quinn, Jr., 24, son of Mrs. Grover Quinn of Jacksonville, was killed in an automobile-truck collision near Thomasville about 11:30 a.m. Friday.

Quinn, a game protector of the State Wildlife Resources commission and a resident of Greensboro, died instantly when the car he was driving was sideswiped by a lumber truck from Norwood. Investigation of the accident had not been completed Saturday, according to reports.

**Shad Are Running In Old Northeast**

When the winter's been more than a man can bear, and it's a long time yet to poke sallet time; when his spirit's down and his innards weary --- it's shad time in the North East.

From mid February to middle May, shy spawning shad ease up the channel from the Atlantic Ocean as far as Holland's Seine Hole. If the water is muddy-clear they swim deep -- if it's muddy-plumb they addle out of sight just under the turgid surface.

Small catches have been reported

**Take Your Family To Sunday School**

There has never been a period in the world's history when we have greater need for religious training and spiritual strength than today. Everybody believes in physical training for the development of the body and in mental instruction for the improvement of the mind, and yet neither is more imperative than religious culture of the spiritual nature.

The Sunday school aids tremendously in providing the spiritual culture for the whole family. We cannot afford to neglect church attendance for old and young, and by the same token we should not fail to avail ourselves of the golden opportunity of Sunday school attendance, and this applies to all members of the family. The Sunday is not just for women and children; although it is the literal handmaiden of the church in this respect, but it offers just what men of the church need - spiritual training and development, a recurrence to the fundamental facts in basic Christian virtues and a realization that world problems can only be solved by individuals who have solved their own problems of living in the light of Christian ideals and practices. The Sunday school offers the largest field of activity for the whole family in spiritual training and in the most potential agency for the development of a sustained reservoir for church membership and service.
