Fifteen Duplin County Students Enrolled At Wake Forest College

Wake Forest. — Fifteen Duplin County students are currently enrolled at Wake Forest College, which this year has had a record-breaking enrollment of 2111.

Six of the fifteen are from Wallace. They are Ann James, DeLeon T. Murphy, and Donald Bland, seniors, Fanester James and Decatur Blanchard, juniors, and Gordon Teachey, freshman.

Bland is a member of the honorary pre-medical fraternity and Zeta Chi social fraternity.

Three students from Warsaw are Henry M. West, junior Edward

Two Join Navy

Garland James Horne and Sebastian Ward Rouse recently enlisted in the U. S. Navy. They are now undergoing recruit training at San Diego, Calif. Upon completion of recruit training Garland will attend Airman School in Memphis, Tenn. Ward will be assigned to Class "A" Service during his training at San Diego. Chief W. R. Smith, local Navy Recruiter said. Chief Smith states that he will be at the Postoffice in Kenansville every Thursday during the next several weeks and all interested applicants can contact him there. There are openings for high school graduates for different types of schools.

Miss Grace Carter Dies At Duke

Miss Grace Hussey Carter, 21, daughter of Mr. and Mrs. Almond Carter of Wallace, died at 6 p.m. Thursday of last week in Duke Hospital. She is survived by her parents; two sisters, Mrs. Robert Fields of South Boston, Va. and Lula Carter, of the home; and a brother, Almond Carter, Jr., also of the home. Funeral services were conducted from the Wallace Baptist church the following Saturday afternoon at 2:30 o'clock by Rev. W. W. Hasty. Interment was in Rockfish Cemetery. Miss Carter was a member of the senior class at Converse College in Spartanburg, S. C. She was to have graduated in June.

Now is a good time to buy broilers, since supplies are abundant and prices are low.

Market Summary

Snap beans, squash, cabbage, potatoes and strawberries were the principal fruits and vegetables moving during the week. Potato digging got under-way in the Beaufort, Mt. Olive, and Aurora sections with the demand good for washed U.S. No. 1 white potatoes, while unwashed cobbles ranged from 4.35 to 4.50 and washed cobbles at around 5.25.

Quarts of N. C. strawberries brought mostly 30 to 45 cents on the New York market at the end of the week and dewberries at mostly at 25 cents. A few pints of blueberries wholesaled at 80 cents on the New York market.

Bushels of yellow straightneck squash brought 2.75 to 3.50 and Italian type squash, 2.00 to 3.00. 134 bushels of domestic round type cabbage ranged from 2.00 to 2.50 on the New York market at the end of the week.

Trading in snap beans on the Tabor City and Burgaw markets was moderately heavy with weaker prices, and closed dull in New York at 2.50 to 3.25.

Offering of fryers and broilers continued heavy and producers received 24 to 25 cents f.o.b. the farm at Central N. C. points.

Eggs were steady to two cents under the previous week.

Short receipts of hogs caused a sharp price advance while cattle were steady.

The grain markets were unsettled during the week. Corn and oats showed very few price changes while cash wheat prices were from 5 to 7 cents per bushel weaker at most markets.

Cotton prices averaged lower during the week with middling 15-13 inch at 32.83 cents per pound.

EXECUTOR'S NOTICE

Having this day qualified as executor of the estate of D. M. Ezzell, deceased, late of Duplin County,

Uncle Sam Says

Everyone will have a part in the U. S. Savings Bonds great "Opportunity Drive May 16-June 30. The armed forces are responding to the call for volunteer assistance by offering to fly a number of covered wagons to Independence, Mo., for a big ceremony marking opening of the drive. They will then transport the wagons to various States. The covered wagons typify the hardships the original 49ers went through in their search for riches and security and how easy it is for the modern 49er to build for a secure future. Today you are given the opportunity to invest in U. S. Savings Bonds—the easy way to pile up riches. In ten short years you will receive \$100 for every \$75 invested.

North Carolina, this is to notify all persons having claims against said estate to present them to the undersigned, duly verified, on or before one year from first publication of this notice or this notice will be plead in bar of their recovery. All persons indebted to said estate will please make immediate settlement. This the 21st day of April, 1949. Mrs. Mamie Ezzell Weeks, Executor; Rt. 1, Falson, N. C. D. M. Ezzell, estate. 6-3-61.

An average yield of 250 bushels per acre is estimated for the 1949 spring beet crop in North Carolina.

The Big Oil Interests vs The People of North Carolina

NORTH CAROLINA will not be deceived by the Big Oil Interests and their imported propoganda expert. If Big Oil is so concerned about the people of our State and our pocketbooks, why did they raise the price of gasoline within the last four months? The truth is obvious. They are fighting the Road Bonds because the only increase in taxes to pay for the Bonds will be the 1c per gallon increased gasoline tax. Evidently, if there is any increasing to be done, Big Oil wants it all.

Big Oil attempts to scare-confuse-and-defeat by saying how much money the State will have without the Road Bonds. But they don't tell you that the war-accumulated surplus is about used up. They don't tell you that WITHOUT THE ROAD BONDS, THE HIGHWAY COMMISSION WILL NOT HAVE AS MUCH MONEY TO BUILD ROADS IN THE NEXT THREE YEARS AS IT WILL HAVE SPENT IN THE PAST THREE.

The Road Bonds are absolutely needed if North Carolina is to carry out its PROGRAM OF PROGRESS.

We stand now on the threshold. Every time North Carolina has acted courageously to invest in its own people and future the result has been magnificent. SO SHALL IT BE again on June 4th when the decision of "The Big Oil Interests vs. The People of North Carolina" is rendered at the polls.

ROAD FACTS

What is The Better Roads Program?
The plan calls for the paving of 12,000 miles of secondary roads and placing 35,000 miles of roads in all-weather conditions.

Who Will Benefit From This Program?
Directly or indirectly, every man, woman, and child will benefit. For example, only one-third of the miles traveled by school buses are now paved. Produce to market problems will be eased for thousands. Nor will the city folks who benefited most from the Road Program of the 1920's be helping only their rural fellow citizens. If the financial pressure for secondary road improvements is relieved, the Highway Commission will have more money to spend for primary roads. Good roads are good for everyone.

Who Will Pay For The Program?
Highway users. The Road Bonds will not increase land taxes, income taxes, sales taxes, etc. Repayments on the bonds will be made from highway funds, not the General Fund. We repeat for emphasis, the only increase in taxation will be the 1c per gallon increased gasoline tax.

Can The Program Be Completed in Four Years?
The bonds will be issued only as they are needed and only as the money can be used wisely and economically. It is not anticipated that the program can be completed in four years but the authorization for a full program is necessary for sound planning.

Why Not Authorize The Bonds Gradually?
Although, as just stated, the money need not be borrowed all at one time, sound planning necessitates its being authorized all at one time. If the Highway Commission knows the money is available road plans can be projected on a broad scale. Proper planning will enable builders to operate on long stretches at a time. This will speed up construction and save money. The expensive cost of moving heavy equipment from one small job to another can be minimized. Long haul of material from its point of origin can be reduced.

Who Will Say Where, When, and How The Money Is To Be Spent?
The law specifies how much is to be spent in each county. There can be no question therefore of equitable distribution. The Council of State will approve the sale of the bonds if the money is needed. The State Highway Commission will make the contracts.
