Flue-Cured Tobacco Vote July 23

Secretary of Agriculture C. F. Brannon has designated Saturday, July 23 as the date for holding a flue-cured tobacco referendum. Tobacco growers in the six flue-cured tobacco states will vote on whether they approve marketing quotas for 1950, 1951, and 1952; or for 1950 only; or are opposed to quotas. The Agricultural Adjustment Act of 1938 as amended requires the proclamation of a marketing quota whenever it is found that the total supply of flue-cured tobacco as of the beginning of the marketing year exceeds the reserve supply level as defined in the act. Forinal proclamation of the amount of the national marketing quota for 1950 will be made on or about July 1, and quotas will be in effect only if approved by 2-3 of the growers participating in the referendum.

Conquest of Death

DOCTORS TALK about conquering death, but they never do. All they can manage is to put it off a little. In all the long sad story of mankind there is only one absolute conquest of death. It happened on the first Easter morning, and it was a turning point in the history of the world. The few lines about the Resurrection, in our New Testament, would not cover the front page of this newspaper. We do not know all we want to know. But those few lines Dr. Foreman tell us enough to set us singing, they are a solid foundation for a soaring faith.

The Mighty Act of God

WE shall be disappointed if we expect the Gospels to "explain" the Resurrection. If there is anything the stories show clearly, it is that the first persons who knew of the Resurrection were confused and shaken by it. The disciples had not expected anything like this, and they may not fully have understood what was going on.
What they were sure of, what they could not deny, was first of all that Christ rose from the dead, and also that it was God who raised him from the dead. God had beaten the one unbeatable power - death. Death, the universal conqueror, turned out for once to be the conquered.

It is only those who can believe in an all-powerful God who can fully believe in the Resurrection.

It Is The Lord

WHAT MANNER of person was Jesus, after that first Easter morning? There were some differences hard to describe, and in fact not described, only hinted at. You notice that at times it was not easy to recognize him at first. Paul refers to Christ's "glorious body" and surely there must be a glory in a person who has actually proved too strong for death to hold - a glory such as even Christ, before Calvary, had not shown. And yet - and yet, it was the same Jesus they had always known.

No Ghost

BY NIGHT, in many a "seance," mediums profess to get in touch with the spirits of the dead. If you could believe the spiritists, Shakespeare and Queen Victoria and innumerable other famous people, have come back and talked from beyond the grave. But the thing that makes the Christian church more than doubtful about such performances, is that somehow the dead-and-come-back genius is never a genius any more. Neither Shakespeare nor any other famous person has said anything worth saying through a "medium." And even these feeble ghosts cannot endure the daylight. They have to come at night.

How different were the comings of Jesus! There was nothing weird or uncanny about him. Around the supper table, or on an afternoon walk, or out on the lake shore under the morning sun... never the poor mumbling ghost of a seance, never any stupid trifes from his lips, but words of truth and comfort which the church cherishes as among the best from our Lord's mind. Jesus' resurrection is not the story of the survival of a ghost, still less the mere return of a revived and walking corpse.

It is the story of a Divine Person who conquered death, and who came back from that conquest in power and majesty, yet with all the tenderness, love and brilliance he had ever shown.

Our Hope in Him
PAUL (in I Cor. 15) makes it clear that our hope of life-beyond-death grows right out of Christ's resurrection. The enemies of Christ would have given their right eyes to stop the mouths of the men who told that story, and to prove it a lie.

But they could never do it. You cannot well stop people from believing what they have seen with their own eyes. So our hope of eternal life is not just a hope.

As Paul says, if that were all, we should be miserable men.

All-Important Part Of A Meal Solved By Luscious Rolls Recipe
Special to the Duplin Times, Friday, June 3, 1949 - "Never worry about how your meals will go over with the family or guests! - just serve them Buttermilk Rolls, made with Robin Hood SELF-RISING Flour to save time and assure perfection, and your problem is solved." Those are exactly the words of Mrs. Sam Newton of Kenansville, when she recently was chosen as a representative housewife to test the new, improved Robin Hood SELF-RISING Flour for International Milling Company of Atlanta, Ga.

"Yes, indeed, bread is about the most important part of a meal and when you can make delicious hot rolls as fast and easy as you can make these Buttermilk Rolls with this new Robin Hood SELF-RISING Flour, you can serve white, fluffy hot rolls every meal without extra trouble," says Mrs. Newton. In fact, Mrs. Newton is so enthusiastic about her discovery she would like to spread the good news to her friends. "I'd suggest you try making a batch of Buttermilk Rolls using Robin Hood SELF-RISING Flour, as that is the whole secret to saving time and it also makes the rolls as white and light as any roll recipe you'll ever find. There'll never be any question in my mind again on how my rolls will look and taste when they come from the oven. I can just see batch after batch coming out of the oven with that "melt-in-your-mouth" taste that makes a roll a "good" roll.

I give all the credit to Robin Hood SELF-RISING Flour, as it has the ingredients already mixed in and there's no chance for failures. Not only is there no chance of a failure, but it saves time. It's Robin Hood SELF-RISING Flour for me all the time!" was Mrs. Newton's final comment. (Adv.)
