Union Service At Baptist Church

Members of the Presbyterian and Methodist Churches joined with the Baptist congregation Sunday morning in a Union Service. This was Rev. G. Van Stephens' last service before taking on his new pastorate in Angier.

Rev. J. M. Newbold, Presbyterian minister, read the scripture and Rev. R. L. Crossno, pastor of the Methodist Church, after a few words led in prayer.

The message was "Be Of Good Cheer". Rev Stephens expressed thanks to both Warsaw and Johnston Churches for their cooperation and acknowledged the bedroom suite, a gift from the congregation. Mr. Stephens has been pastor of the Warsaw Church since 1941, coming to Warsaw from Oxford.

DOWN WARSAW WAY By: G. Van Stephens

'Twas in the days of peace at home,
Eight years, six months, they say,
Since once we made our minds to roam
To a pleasant place Down Warsaw Way.

So many things have taken place,
Since we came down that day:
The world's been in a bloody race,
Which we all felt Down Warsaw Way.

Things have happened here and there,
In Church, in State -- in night, in day,
Clouds hung low; then skies were fair,
Since first we came Down Warsaw Way.

Our family life a change has seen:
Daughters have married happy and gay,
Children born -- all girls they've been,
Since first we came Down Warsaw Way.

We've seen a lot of things well done;
Others will follow let us pray.
We've tried with faith a race to run,
Since first we came Down Warsaw Way.

The folks have been so good and kind,
To whom we want to truly say,
Thank you from our hearts and minds,
To those we love Down Warsaw Way.

Miss Burnham Recovers \$50

Miss Daisy Burnham of near Warsaw reports she lost \$50.00 Tuesday while tobacco burning was going on at her farm. Miss Burnham had a group of white and colored people working for her. Long towards late afternoon she placed her handbag in the tobacco barn. It contained a coin purse with \$50.02. When she went for the money to pay off her helpers the handbag was intact but the coin purse was gone. She looked around and found the purse on the ground in the opposite side of the barn. The \$50 was gone but the 2 cents was there.

Miss Burnham went to her helpers and announced that she could not pay them just then as her money was gone. She told the group that if the one who had taken it would give it up nothing further would be said or done. No one came forward. She went to Warsaw and called Sheriff Jones' office. Deputy Wagstaff and policeman Coombs of Warsaw went to the barn. A little girl, Ann Lee of Warsaw told them she had seen Daisy Boykin, a hefty 150 pound Negro girl digging a hole behind a tree nearby. The officers went to the tree and found a freshly dug hole covered with corn silks. Digging into it they found the \$50. The Negro girl was brought to Kenansville and was given a hearing before Justice of the Peace Emory Sadler. She pleaded guilty. Sadler bound her over to County Court.

Preliminary reports for 1947, the first business census since 1939, are now being released by the Government. They show that the brewing industry makes a valuable contribution to the nation's welfare and economy.

The Government report shows that in 1947, the brewing industry paid out \$292,000,000 in both wages and salaries, spent \$509,000,000 for materials, supplies, containers, fuel and contract work, and another \$111,000,000 for new plants and equipment, making a total of approximately \$912,000,000.

The brewing industry employed 82,524 persons—63,068 of them being engaged in production and other related operations. This latter group averaged \$3,900 per year per worker—one of the highest wage averages to be found in any American industry.

For three centuries beer and ale have contributed to nutrition and enjoyment in America. The Census report confirms that economically, too, beer's legal sale and manufacture is an American asset worth preserving.
