

BRICK HOUSE PLAN NO. 442—Designed by George H. Foxworth, Architect, Burlington, N. C.

This is one of 37 homes designed by leading Carolina Architects and featured in "Carolina Homes," a plan book published by Brick & Tile Service, Inc., Greensboro, N. C.

This is a compact house in contemporary style. Its rectangular plan makes it less expensive to build than the usual spread-out plans of this style and also allows the use of a smaller lot. The living room bay, the sheltered porch and the cross ventilation for dining room, living room and porch contribute to comfortable living in a Southern climate. The closet off the rear entry and the cedar closet are desirable features not usually found in houses of this size.

will show you things you never dreamed possible!

- You'll see the only passenger car engine that's completely waterproof... that can run through flood water like no other car... that can sit all night in the heaviest downpour yet start up instantly!
- You'll see windshield wipers electrically operated! Free from engine pressure, they don't stop when you need them most!
- You'll see a car with Safety Rim Wheels—blowouts won't throw a tire under almost any driving condition!
- You'll see 50 new improvements that make Chrysler the most beautifully engineered car today!... A pleasure to drive, thrifty to own. Phone, let us bring you a car.
- You'll see the new ease of the steering wheel that's perfectly balanced instead of being off-center.
- You'll see the first safety cushioned dashboard ever designed to protect your children!
- You'll see an engine that goes 5000 miles without needing an oil change!
