some one they meet. What do these movements of humanity represent? I asked myself as I stopped and thought one night last week while walking along a street in Kenansville.

In the quiet of that fall evening I saw Ellis Vestal from near Kenansville, Leroy Simmons of Outlaw's Bridge and M. M. Thigpen of Beulaville emerge from the local drug store. They stopped and chatted a minute or two with some bystanders. No particular subject. Talked about tobacco, corn, football, the price of groceries and maybe a word or two about the pageant.

They were going somewhere. I did not inquire but no doubt, being outstanding farmers in Duplin, they were soon to be somewhere in a serious discussion of the problems farmers of Duplin County are facing today.

In the overall picture of North Carolina, the South, the United States and the world the future des tiny of mankind was being shaped. The economic picture of tomorrow was slowly taking form in the minds of the linee men - for these three men on that night were only the of the millions of serious minded men the world over who are, maybe unconsciously, thrashing out and reducing to a common denominator the problems of man.
