One of the prettiest parties of the season was given at the new home of Mrs. Phoebe Pate of Beulaville on Friday night, Oct. 14. It was in the form of a floating house warming. The living and dining rooms were ensuite and beautifully decorated with roses and dahlias.

After registering with Miss Ermie Sanderson they were taken to the dining room by Mr. and Mrs. Harry Horne.

The dining table was covered with a lovely lace cloth and centered with a bowl of variegated dahlias. Mrs. Loyd Thomas was assisted in serving lime ices, ham biscuits, ribbon sandwiches, cup cakes,

400 Attend Beulaville P. T. A.

Approximately 400 persons attended the regular monthly meeting of the Beulaville PTA last Monday night. Plans for the coming Harvest Festival were made at the meeting. The group voted to outlaw the playing of bingo at the festival and it was suggested that patrons donate farm produce for auction. The proceeds from the festival will be used for beautification of the school grounds.

From 1934 to 1947, North Carolina's corn acreage decreased 10.2 per cent but total production in bushels 61.6 per cent. Use of hybrid seed and adoption of improved practices by many growers were major factors responsible for the increase in yield per acre.

Uncle Sam Says

Take a good look at that plane, Dad! It's the "Flying Carrot" and it's carrying a group of Americans who are doing their "bit," a great big "bit" for their country. The passengers are some of our top-flight cartoonists, every one of whom has helped to sell U. S. Savings Bonds, using their comic strips to emphasize the old American principle of thrift. And they practice what they preach, realizing that the regular purchase of U. S. Savings Bonds is the one sure way to save. And Savings Bonds pay you \$4 for every \$2 invested, in just ten years.
