What USO Means

To give some idea of what 240 USO Clubs means to our young men and women away from home in this country and overseas, here is the report of one single Club in Fayetteville for a period of three months as follows:

From Eugene J. Bergman, Club Director of USO on Hay Street, his operating committee showed a total attendance at the club of 34,491. (These men stationed at Ft. Bragg in some cases with their young wives and children) also away from their home towns, received 47,775 services of various kinds.

Over 12,000 attended the planned programs such as dances, movies, games, lectures and hostess hours, while 10,776 used the many different facilities, such as showers,

shaves, ironing, sewing machines, pool tables, ping-pong tables, etc. Another 4,313 take advantage of the checking and packaging facilities, mailing and shopping services, with writing desks and reading material being in greatest demand.

The total attendance for the first three quarterly periods of USO reactivation in this one club reached an attendance of 98,648 service men and their families who have visited the Hay Street operation.

There are 176 full-scale USO Clubs in operation, with a total of 240 scheduled to be in action by Dec. 31, 1949. The above report from one club indicates the need and the merits of the newly activated USO welfare program.
