

November's Weather Record for North Carolina

Forecasting by averaging the weather of the past is the aim of this Weather Record Map. Based on records of the U. S. Weather Bureau, some of which cover periods of 50 years and more, this Weather Record for November shows the average minimum temperatures and average snowfall for a number of states. November, as a study of the map shows, brings the sharp bite of freezing weather in many areas. It is the time to look to the furnace, to refurbish winter wardrobes and to put your car in shape for winter months. When temperatures average as low as shown, you can bet your boots that there will be many days below freezing. So November is the time to be super-safe by loading up with antifreeze.

The measure went to the House for expected favorable action during the 2nd Session of the 81st Congress.

Return of the standards as a demonstration of American friendship was urged last May by the National Executive Committee of The American Legion on recommendation of its Department of Mexico. The flags are now on display at the U. S. Military Academy at West Point, N. Y. They were consigned there by an executive order of President Polk, February 16, 1848.

State Historians of Legion Organize Own Association

Florence, Ala.—The American Legion now has its own national association of state historians dedicated to the preservation of the written documents of the world's greatest veterans' organization.

National Historian Monte C. Sandlin of the American Legion, who lives in Florence, was instrumental in forming the new association and is its first executive secretary.

Sandlin said the association planned to expand during 1950 to include every state historian of the Legion.

Charter members include: J. A. Tucker of Alabama; Francis W. Perkins of Connecticut; Frank E. Monnin of New York; Walter L. Gaylord of Florida; Edward N. Dan Nelson of New Jersey; Miss Patricia McGuire of Wisconsin; John J. McCreary of Georgia, and Sandlin.

State College Answers Timely Farm Questions

Q. Is consumption of poultry meat increasing or decreasing in the U. S.?

A. Increasing.

Q. What is multiple crop insurance?

A. It is a plan whereby a farmer may obtain protection of his investment in more than one crop on the same farm.

The multiple-crop plan is being tried this year in Perquimans County, N. C. Congress has authorized the Federal Crop Insurance Corporation to expand the program to 50 counties (at least one in each State) in 1950, and to add 25 counties each year through 1953.

Thanksgiving At Oxford

Thoughts of the large family at the Oxford Orphanage begin to turn towards Thanksgiving season when thousands of Masons and other friends annually give generously of their means to the welfare of boys and girls who need and so well deserve them. This is of the utmost importance in these young lives.

The Oxford Orphanage for three-quarters of a century has specialized in every phase of properly rearing orphaned children. Its contribution of more than 6,000 well-equipped worthy young men and women to good citizenship is a living testimonial to the importance and usefulness of the institution whose sole object is to serve.

The Grand Lodge of Masons owns and operates the Oxford Orphanage, but has never restricted its service to the children of Masons. Eighty-nine per cent of the children in the institution are of non-Masonic parentage. At Oxford

WELCOME TO WARSAW ARMISTICE DAY STOCK UP YOUR FEED BINS WHILE HERE WITH PURINA FEEDS FOR ALL STOCK, FOWL, AND DOMESTICATED ANIMALS BRING US YOUR CORN WE'LL GRIND AND MIX YOUR FEED Warsaw Flour

the question of parentage yields to the need of the child. That is the decisive argument.

The need of Orphanages today for greater support is pressing. They must have more money or else — You know what that means.

Superintendent Gray is forced by circumstances to stress increased donations this Thanksgiving. The expense of operating the orphanage has been growing every year. When one thinks of the multiplicity of service institution has to perform, it is enough to open the hearts of courses of benevolent men and women. Here is a partial list of the kinds of service immediately demanded, shelter, clothing, food, recreation, heat, light, books, school supplies, health programs, athletic equipment, staff of trained workers, vocational training in several departments, laundry, repairs and upkeep of grounds, buildings and equipment, experienced case work, and so on.

There is no economy in neglect. When we do not pay from the heart, often we have to pay "thru the nose." Juvenile delinquency is an acute problem of the times; its prevalence is deplorable. The Orphanage helps materially in the solution of this social problem by rearing and training children who otherwise would not have a chance. If it did no more than this, the Orphanage would justify its existence. As a tax payer and public spirited citizen you are vitally interested in it.

"Gratitude is a species of justice" said a wise man. Our forebears so interpreted it when America was in the making.

Who is there who should not feel a deep sense of gratitude?

Express your gratitude at Thanks giving by a generous donation to the Oxford Orphanage.

NOTICE OF ADMINISTRATION

The undersigned, having qualified as administratrix of the estate of Winfield Scott Kornegay, deceased, late of Duplin County, this is to notify all persons having claims against said estate to present them to the undersigned on or before the 1st day of November, 1950, or this notice will be plead in bar to their recovery. All persons indebted to said estate will please make immediate payment to the undersigned.

This the 1st day of November, 1949.

Kathleen Kornegay, Administratrix of the estate of Winfield Scott Kornegay, deceased, Bowden, N. C.

H. E. Phillips, Attorney 12-9-St. HEP

Sampson, Wayne Outlaw Beer Sales At Special Election

Residents of Wayne and Sampson counties Tuesday, Nov. 1 voted decisively to end legal sales of beer. In addition, Wayne voted to halt legal wine sales. Wine sales were outlawed in Sampson several years ago by legislative act.

Complete, unofficial returns from the Wayne special election showed:

For beer—2,647; against beer—3,533.  
For wine—2,612; against wine—3,576.

Unofficial returns Sampson resulted in:

For beer—995; against beer—3,774.

It was Sampson's second dry vote within three months. On Aug. 3, voters by a 5-1 margin decided against establishing legal liquor sales in the county.

Senate Okays Legion's Mexican War Flags Bill

Washington, D. C. — American Legion-sponsored legislation to return to Mexico 66 battle flags captured in the War of 1845 as a gesture of neighborly goodwill, completed half of its journey in the 81st Congress when the Senate approved it.

Armistice Day

Our first impulse on Armistice Day is quite properly, to bow our heads in sorrow for the loss of those valiant men who made the supreme sacrifices during two world wars. We remember Chateau Thierry and the Marne. We recall Guadalcanal, Anzio and Normandy. We sigh and recall that Victory was achieved in both wars and yet there is still no true victory of peace.

Thus it is that no memorial to these valiant men can ever express the honor that's due them unless it is a living memorial expressed in terms of achieving the principles for which they gave their lives.

So, when we pause on this day to try to do them honor by parades that pass in the moment and speeches that vanish from memory on their own winged feet, let us resolve anew to oppose intolerance and demagoguery with every one of the cherished democratic instruments at our command.

Branch Banking & Trust Company
