SPORTS AFIELD

By: TED KESTING If you're a real fisherman don't overlook this late season fishing. You won't get as many fish as you did earlier in the season — you may get very few. But during no other part of the season are your chances of snagging into some of the really huge ones nearly so good.

Bass, after having been in shallow water for a while, are now back in deeper spots. I generally have best luck finding them at sharp drop-offs with weeds at the edge. In the colder months, I've found them much less finicky as to what lure they'll take, just so it's fished deep and very slowly.

Now, you are likely to find them "bunting"—hitting the lure gently — so you can't hook them well. Jason Lucas, well known angler, suggests you use a very tiny plug of the sort that one would use for small crappies. These remarks hold true of the extreme northern parts of the country during November.

When winter really sets in and you must put your gear away, be sure you store your line properly. More lines have to be discarded because of improper storage in winter, than because of wear.

Armistice Celebration

Chamber of Commerce second and that of Clark's Drug Company won third. A pet-parade, held in conjunction with the program, brought a first place prize to Nina Garner and second place to Mac McNeill.

A beauty contest and dance ended the festivities. Miss Evelyn Davis, 1948 queen, crowned this year's winner, 14-year-old Sue Lanier of Beulaville, queen of the Armistice Day Celebration. Second and third place winners were Peggy Kenan of Wallace and Mildred Faison of Faison.

Red Cross Meets

Minutes of the last meeting were read by the newly named recording secretary, Miss Isobel Jones, Mrs. Marian Everett, field representative for the Red Cross of Wilmington, gave an interesting talk, emphasizing the prominent place the Duplin chapter holds in the National organization.

Miss August Futch, Red Cross Nurse, of Wilmington was present and reported on her work in the county this year and for the past several years in which she had been conducting home nursing courses in the various schools. At present she has classes in the Kenansville and Branch colored schools and the B. F. Grady white school with an enrollment of nearly 75. She reports the interest is very good.

The group voted unanimously to ask George Bennett of Warsaw to head the 1949 drive for members and he is to name five district chairmen composing the five commissioner districts.

Uncle Sam Says

Volunteers are mighty important to the U. S. Savings Bonds Program. During the fall when farmers are bringing in their harvests, an outstanding group of U. S. Savings Bonds volunteers will be traveling the country, telling people about Bonds. These volunteers are the cartoonists who draw your favorite comic strips and they will put on a show in connection with a Treasury Department sponsored art exhibit, "20,000 Years of Comics," in several American cities. They are freely giving of their time and effort to convince you that U. S. Savings Bonds are the safest and best investment in the world. U. S. Treasury Department

COCONUT CRANBERRY PIE

Tint the coconut pale green. Against its background of ruby-red cranberries, it will be as lovely a Christmas pie as Jack Norner ever pulled a plum out of.

Turn into pie shell. Cool thoroughly. Combine cranberry sauce and water in saucepan; cook and stir until mixture comes to a boil. Remove from heat. Add gelatin and stir until dissolved. Thousands of farmers and ranchers all over America are making certain today that their future will be bright and promising by continuing to invest all they can in U. S. Savings Bonds.
