Mother Of Mrs. Robert West Honored By Salisbury Chapter U. D. C.

Salisbury, Jan. 23—Mrs. W. D. Pollock of Kinston became an honorary member of the Salisbury unit, Robert F. Hoke chapter, United Daughters of the Confederacy at the chapter's January 19 meeting held at the Yakin Hotel under direction of Mrs. Olive B. Webster, president.

Mrs. T. Wingate Andrews made presentation of the membership to Mrs. Pollock and gave her also a silver plate fittingly inscribed by the Robert F. Hoke chapter, which was named in memory of Mrs. Pollock's father, General Robert F. Hoke, outstanding leader of the Army of the Confederate States of America.

Among other guests at the luncheon meeting was Mrs. Joseph Graham, president of the Southern Stars chapter, UDC, of Lincolnton, who gave some reminiscences of the family of General Hoke and of his old home place at Lincolnton. The Southern Stars chapter is housed in the fine old two-story red brick building which was formerly a school attended by Robert F. Hoke

and other notable citizens of this state. The building is now used also as a museum and library.

Mrs. Lyman Cotten of Chapel Hill, daughter of Mrs. John Steele Henderson of Salisbury who organized the Robert F. Hoke chapter in 1896, and who assisted in forming other chapters in this section of North Carolina, read extracts from the first book of minutes of the chapter. Mrs. Henderson was chosen first president. The unit was first known as the Rowan County chapter, United Daughters of the Confederacy. The members, not satisfied with the name, changed it in 1899 to that of the Robert F. Hoke chapter, in honor of the General whom President Davis had promoted on the field of battle. It is said that President Davis had marked General Hoke to succeed General Robert E. Lee in case of the latter's death.

Mrs. J. A. Yarbrough of Charlotte, state publicity chairman of UDC, spoke briefly of the early days of the Charlotte chapter of the organization.

PTA Pie, Cake Sale

The Warsaw PTA will have a cake and pie sale on February 11th from 10 until 12 o'clock at the Town Hall. Proceeds will go to provide free health lunches for the underprivileged children in the grammar school.

The PTA is donating approximately \$80 per month to the lunch room to take care of lunches for those children who come to school without means to provide a noon-day meal. It matters not whose fault it is that they are hungry, the children are not responsible. Some come without breakfast. Some never drink milk except that provided in these free lunches. We cannot have good attendance and children cannot do their schoolwork when they are hungry.

So -- buy a pie or cake on February 11th and now that you are helping some child. The dessert will taste better.

"Power A' Plenty"

See that substation Reddy is pointing to? That means plenty of power for this roofing plant. Power to run all of the machinery needed to make shingles, to run the felt mill. Reddy has to work mighty hard in a plant of this kind, but Reddy is very proud of the fact that he is such a big help to the many industries in his territory.
