

# KENANSVILLE, NORTH CAROLINA COUNTY BASKET BALL GAMES

THE DUPLIN TIMES

FRIDAY, FEBRUARY 10, 1934

The five members of the Carolina Clowns gape, open-mouthed and wide-eyed, at the awesome record of 58 straight wins without defeat which their team has piled up during the past 3 basketball seasons.

Kneeling, left to right; Rip Ryan and Bernie McKiernan. Standing; Coy Carson, All-American footballer Art Weiner, and Kenny Powell.

The Clowns will engage the Beulaville All-Stars in Kenan Memorial

Auditorium in Kenansville, Saturday, February 18.

The Wallace and Faison all-star teams will meet in the first game of the twin bill at seven o'clock.

Best defensive players for Calypso: Harold Stanley. Best defensive players for Warsaw: Van Bostic, Gene Holland.

## Growers Find Liquid Fertilizer Helping Topacco

Tobacco growers in many of the growing areas are finding that their crops are being helped by the use of liquid fertilizers, which is comparatively new to local growers, but liquid fertilizer itself is not new. It has been used as an aid to tobacco growers in Kentucky since 1944.  
First experiments with liquid fertilizer were conducted by Prof. Alex Laurie, of Ohio State University and Dr. V. A. Tiejens of Rutgers University. The results were so amazing that liquid fertilizers were quickly adopted by large growers in the middle west.  
Tobacco growers in Kentucky and parts of the Carolinas were asked to use liquid fertilizer on

Ker and M. Noble.  
Boys Game leaders: scoring, Pink Hill, Blizzard 13, George Howard 9. Deep Run, Taylor 11, Hill 7. Defense, Pink Hill, G. Howard, Deep Run, Stroud. Officials, Baker and Jackson.

## Watches Youngsters Carry On

CHICAGO, ILL. — Bashful, 22-year-old Shetland pony owned by the Curtis Candy Farms, is no longer in the farm's six pony hitch. Living up to his reputation as the "best wheel pony that ever stepped in and out of a ring," however, he visited the International Live Stock Show to watch the present team, composed of his sons and daughters, go through its paces. Bashful, in recent years called respectfully "Pappy Bashful," received his 20-year pin from Otto Schnering, president of Curtis, this fall and retired to the pasture on the company's farm near Cary, Ill. Son of King Larigo, a national champion at the Panama exhibition of the early 1900's, he can look back on a colorful career during which he has traveled 18,000 miles a year and participated in hundreds of performances at horse shows, state fairs, war bond rallies and other special events. He can stop worrying, now, about the gray hair at his temples which has had to be touched up with black hair dye the last few years, and he won't have to watch his weight so closely. Till now he has had to keep down to a trim 550 pounds. Eight of his sons and daughters are carrying on in the show ring, and he has two "little ones" at home who also join the teams of the three Curtis hitches when they are old enough.

their plant beds and as a booster when transplanting; they found that their plant beds were more resistant to blue mold and the plants were ready for the field at an earlier date. Many reported that less

beds were needed where liquid fertilizer had been used. Liquid fertilizer used in the setter barrel at the time of transplanting, at the rate of one quart to 50 gallons of water, reduced wilting of plants and reduced replanting cost. This also resulted in sturdier, finer quality plants that were topped from two to four leaves taller than plants grown in the ordinary way.  
All experiments and reports from actual users show that the grower is benefited in every way from the use of liquid fertilizer.

## C. A. Bowden Funeral At Home

Charles A. Bowden, 47, of Teachey, died Sunday night at his home after a period of illness. Funeral services were held at the home on Tuesday morning at 11 o'clock. Interment was in Rockfish Cemetery.  
He is survived by his wife and four children, Marshall Brower, Dorothy Rebecca, Edwin Wells, and Mary Eleanor; three sisters and one brother, Mrs. S. O. Smith of Fayetteville, Mrs. W. R. Jones of Wilmington, Mrs. Finley Carr of Wallace and Mr. Rufus Bowden of Warsaw.

## Buried Rockfish

## Wreck

Roy Ball and Willie Turner of Pink Hill, Rt. 1, were seriously injured when a 1947 Ford belonging to Ball was wrecked on a road near Scott's Store Saturday night.

Ball, who suffered a broken neck, was treated in a Kinston hospital and later transferred to the Veterans Hospital in Fayetteville. Turner suffered serious abrasions. Charlie Thigpen, asleep in the back seat, was not injured. The car, badly damaged, was towed in by a Kinston wrecking crew.

## Power A' Plenty!

Powerful presses, pounding out the news of the day and telling the story of our nation's progress, are an everyday sight here in the United States. And the thing we're so proud of is the fact that these newspapers are free! Yes, here in America, we can still depend upon the TRUTH being printed in our daily paper. We are still a free people.

It takes a lot of electricity to operate a press like this! Electricity distributed by the many free electric companies that have worked so hard and so long to keep America the greatest nation that it has become. Thru peace and War, these private electric companies have done a hard and exacting job and done it well. When extra demand faces them, they meet it and forge on. Tide Water is now engaged upon a great construction program, a program designed to meet ANY demands that might come. Yes, we have "Power A' Plenty" for the future.
