Scouts Plan Part At Valley Forge

Tuscarora Council, which is composed of Duplin, Johnston, Sampson and Wayne counties, is rapidly developing plans to mobilize three Scout Units for participation in the National Jamboree at Valley Forge, Pa., on June 30, to July 6, 1950. Total attendance at the Jamboree will be in excess of 40,000 Scouts who will come from all over the Nation and from all walks of life. Tuscarora Council has been allotted a quota of three Units consisting of 33 Scouts and 3 leaders each. In addition to the above contingents, this Council will be permitted to send 8 Negro Scouts to help fill the Negro quota from this state.

The Jamboree Units are fast being registered around the nucleus of the leadership already signed up to go. Mr. E. G. Fyatt of Dudley, Mr. Arthur Meese of Selma, Mr. Fred Broadwell of Clinton, and Mr. E. K. Essey of Roseboro have definitely signified their intentions to go as leaders. We expect to have a full quota of nine leaders recruited within a few days. Very careful screening is being made of leadership to be sure that only men of the right type are selected.

It has already been necessary to turn down some Scout registrations for the Jamboree due to their not meeting the requirements. A Scout must have been two years of age

on January 1, 1950, to qualify. He also must be Second Class in Rank or higher, and must be in good physical condition. Registrations must be in the Council Office by March 1. A \$10 fee must accompany application. The total fee is \$80. Applications are being accepted in the order received.

A BOY'S ESSAY ON ANATOMY From Tide Water Topics

Your head is kind of round and hard, and your brains are in it and your hair on it. Your face is the front of your head where you eat and make faces. Your neck is what keeps your head out of your collar. It's hard to keep clean.

Your shoulders are sort of shelves where you hook your suspenders on them. Your stomach is something that if you do not eat often enough it hurts, and spilage don't help it none.

Your spine is a long bone in your back that keeps you from folding up. Your back is always behind you no matter how quick you turn around.

Your arms you got to have to pitch with, and so you can reach for the butter. Your fingers stick out of your hand so you can throw a curve, and add up rithmetic.

Your legs is what if you have not got two of you cannot get to first base, neither can your sister. Your feet are what you run on. Your toes are always what get stubbed.

And that's all there is of you except whats inside and I never saw it. And to keep it in good shape you have to be safe all the time.

Flower Parade Begins In N. C.

A "brilliant-flower" year - six successive months of brilliant new bloom - has already started in North Carolina.

As February begins, camellias around Wilmington, Southport and Old Orton are bright-hued against new green and expected to last six weeks.

Wilmington's "million azaleas" and three days of special events will be viewed by thousands on March 31 to April 2.

From mid-March until July, the march of natural bloomings from ocean to mountains will be matched region by region, with planned showings of private gardens, old and outstandingly beautiful homes of North Carolina.

Throughout June, Mother Nature plays a game of wait-and-see with lovers of mountain rhododendron, laurel and flame azalea.

North Carolina Methodists Plan Work Group To Germany This Summer

Morehad City, N. C., Jan. 31.—The North Carolina Conference of the Methodist Church has recently announced its plans to sponsor the sending of a team of Christian youth to Germany for a summer work project. Plans are now under way under the direction of Rev. W. D. Caviness, Morehad City, to enlist from ten to fifteen capable, talented youth of this Conference and an experienced leader to comprise the team, which will spend about 40 days in Germany during the summer of 1950.

The work of this youth caravan will be largely reconstructive in nature, actual assistance being given in repairing and rebuilding structures damaged or destroyed during the war. Of far greater value will be the daily personal contacts between the American and German youth during the 40-day visit.

Mr. Caviness, chairman of a special committee appointed by the N. C. Conference to supervise the project, announces that it has been endorsed by Bishop J. W. E. Sommer of the German Methodist Church, Bishop W. W. Peele of the Richmond area (which includes the N. C. Conference), and Mr. Hoover Rupert, director of the Youth Division of the General Board of Education of the Methodist Church. Plans are now being completed for official clearance with the American and German Churches, as well as with state department officials of the United States and Germany.

Members of the team will be carefully selected from all applications received by a specially selected committee. All members should be mature, consecrated, devoted Christians of college age who will be free from their studies during the summer months. Each member will be expected to be responsible for his own expenses, estimated to be about \$1,000. It is hoped that various churches and college religious groups will assist worthy youth in obtaining the necessary finances.

Letters of information have been mailed to all Methodist ministers in the North Carolina Conference. Requests for further information and application blanks should be directed to Miss Susan Waller, Box

three sons, J. W. and C. L. of the home community and L. H. of Blackstone, Va.; a number of grandchildren and great grandchildren.

508, Kinston, N. C. All applications must be filed with her not later than March 15.

Other members of the Germany Youth Project committee besides Mr. Caviness are Dr. D. D. Holt, co-chairman, Durham; Susan Waller, secretary, Kinston; Mr. Dave Cozart, New Bern; Mr. Leon Russell, Greenville; Mr. A. P. Brantly, Goldsboro; Mr. Marvin Vick, Sanford; Mr. J. E. Garlington, Conway; Mr. Al Fisher, Mr. Curt Gatlin, and Mrs. E. L. Hillman, Durham.
