Make Extra Money From Your Tobacco Crop
USE
"NA-CHURS" Liquid Fertilizer

"NA-CHURS" is a complete, well balanced liquid concentrate that helps build good top and root growth. Use it on seed beds - needs no wash off - will not burn - reduces wilt and resetting loss.

When used in setter barrel, "NA-CHURS" carries your plants for the first three to four weeks. Can be used in dry weather. Helps plants to grow healthier and larger - greater yield per acre - higher quality leaf, with less labor and costs.

Read What Satisfied Users Say!

"Where I used "NA-CHURS" Liquid Fertilizer, I topped the tobacco from 2 to 4 leaves taller, and the tobacco ripened about two weeks quicker."

Melton Watts, RFD No. 1, Tabor City, N. C.

"We found that mixing "NA-CHURS" with water in a tobacco setter gives the tobacco plants a quick start, and eliminates a great deal of wilting and resetting."
