Sen. LeBlanc Continues Rationing of Hadacol

The continued rationing of Hadacol, a vitamin supplement, is being continued by Senator LeBlanc. He has given to the world by Senator Dudley J. LeBlanc, a ration allowance of one bottle of Hadacol from six bottles to two bottles.

"We placed the limit at two bottles to a customer only after trying every other alternative," said Senator LeBlanc. "The demand for Hadacol has increased 100 per cent in the past year as more and more people have learned the blessings of its five B Vitamins and four important minerals. Despite our new \$250,000 plant equipped with the most modern machinery and our fleet of 30 great trucks to speed delivery, we just cannot keep up with the demand."

"We placed a ration limit of six bottles to the customer several weeks ago but still cannot catch up with production. Our 800 employees are working shifts around the clock but one bottleneck after another comes up. We expect to lick them all but meanwhile we are asking our customers to have patience and accept no inferior substitutes."

"For instance, when I created HADACOL I read every available authoritative medical and drug book in order to use the very finest ingredients regardless of cost. For instance, I read on page 284, U. S. Dispensary, 23rd edition, that 'Theoretically Calcium Glycophosphate is superior to many other calcium salts because it represents both calcium and phosphoric acid in a soluble combination.'"

"Little did I realize when I made Calcium Glycophosphate a part of the now famous HADACOL formula that in time the demand for this great medical discovery—HADACOL—would be so great that we would use up the entire available supply in the United States of this product. But that is exactly what we have done and great plants throughout the nation are now working to increase their facilities to expand production of this essential ingredient which blends with other expensive products to help so many million suffering people in distress."

Yes, in HADACOL Senator LeBlanc envisioned the medicine that would bring blessings to folks of all ages, and in perfecting this formula he worked in his own small laboratory, sometimes 18 to 20 hours a day. Perhaps others could have placed the same ingredients in a medicine, but it remained for him to develop a formula which contains the most expensive ingredients of their kind. For instance, he uses Vitamin B-6 which costs at the factory \$550 a kilogram, which is less than half a gallon.

mand for HADACOL has increased 100 per cent in the past year as more and more people have learned the blessings of its five B Vitamins and four important minerals. Despite our new \$250,000 plant equipped with the most modern machinery and our fleet of 30 great trucks to speed delivery, we just cannot keep up with the demand.

Hadacol Helps Grocer Work Hard, Long Hours

There is plenty of hard work and long hours in the retail grocery business and this is especially true for Paul Earnhardt, 818 South Church St. in Salisbury, N. C. Mr. Earnhardt works long hours at the Earnhardt Super Market in Salisbury, one of the largest and most modern grocery stores in that thriving section of North Carolina.

The grind began to tell on Mr. Earnhardt about three months ago and he wondered for a time whether he would be able to carry on at the same rapid pace. But that was before he heard the blessed news about HADACOL.

"I have been taking HADACOL for three months," said Mr. Earnhardt. "I was weak, run down, nervous, had difficulty sleeping at night, nervous indigestion, gastric disturbances, headaches, suffered with stomach bloating and gas pains around my heart. After the third bottle, I started gaining weight, had no gastric disturbances, headaches or gas pains. I never felt better and work long hours. I recommend HADACOL."

Mr. Earnhardt, like so many thousands of other suffering people, had tried many preparations without beneficial results before he heard the wonderful news about HADACOL.

Mr. Earnhardt puts in long, hard hours at the Earnhardt Grocery store now but is again his usual cheerful self and when his friends comment on his improvement he advises them to give HADACOL a trial.

Mr. Earnhardt was suffering from a lack of B Vitamins and the Minerals which HADACOL contains. HADACOL comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away.

ADVERTISEMENT

A lack of only a small amount of the B vitamins and certain Minerals will cause digestive disturbances. Your food will not agree with you. You will suffer from heartburns, gas pains, and your food will sour on your stomach, and you will not be able to eat the things you like for fear of being in misery afterward. Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are surely and certainly the symptoms and signs of the lack of the B Vitamins and Minerals which HADACOL contains. And if you suffer from such a disorder, there is no known cure except the administration of the Vitamins and the Minerals which your system lacks.

HADACOL contains not only one, but 5 of the B Vitamins. HADACOL contains not only one, but 4 of the necessary Minerals. It comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away.

It is easy to understand, therefore, why countless thousands have been benefited by this amazing tonic, HADACOL. So it matters not how old you are or who you are. It matters not where you live or if you have tried all the medicines under the sun, give this wonderful preparation, HADACOL, a trial. Don't go on suffering. Don't continue to lead a miserable life. Be fair to yourself. Temporary relief is not enough for you. Give HADACOL a trial. Accept no substitute.

Insist on the genuine HADACOL. Sold at all the leading drug stores. Trial size only \$1.25, but save money—buy the large family and hospital size—only \$3.50.

We are so firm in our belief that HADACOL will help you that we sell HADACOL on a money-back guarantee. If you don't feel perfectly satisfied after using HADACOL as directed, just return the empty carton and your money will be cheerfully refunded. Nothing could be fairer.
