THE DUPLIN TIMES

THE hue and cry in recent months about ways to prevent human tooth decay has reminded us that care of teeth is important for dogs too. The condition of your dog's teeth is closely related to his gen eral health, both reflecting his in-ternal state and also affecting that state. In dogs, as in human beings the key to healthy, strong teeth is correct diet. Experiments have shown that proper feeding parties are difficult time in a dog's dog's life can produce normal and perfectly calcified teeth. And 's carefully planned diet thereafter will assure continued soundness. The most difficult time in a dog's is similar to teething for a pupy with the same pain and drain on vitality, and should be treated with sympathy. I am addressing this letter of endorsement to every person in Duplin County and North Carolina who may read it. I have personally known Senator Frank P. Graham for many years and no better or finer Christian Statesman lives today, nor is there anyone more qualified to serve all the people in the United States Senate. If reelected (and he no doubt will be) he will continue to serve, as in the past, all the people in a just and impartial manner. He is a personal friend of mine, and although you may not personally know Senator Graham he is also your friend.

The following is a list of some of the things Mr. Graham stands for and will always be found working for, as your United States Senator:

> **Farm Parity Prices Better Educational Facilities Better Rural Health Good Rural Roads Rural Electrification Rural Telephones** A Fair and Just Program for all classes

Do you want a real Statesman to represent you from Eastern North Carolina in the United States Senate? If so, go to the polls Saturday and vote for Frank P. Graham.

Sincerely yours,

C. E. Quinn
