

Senator LeBlanc Does It Again!

Senator Dudley J. LeBlanc, creator of famous HADACOL is shown above breaking ground for the new HADACOL factory now being built alongside the present plant in Lafayette, Louisiana. This new building will be 80x235 feet, two stories, steel and concrete construction. The remarkable growth of HADACOL has forced the immediate construction of this new building. Only last spring Senator LeBlanc opened the present HADACOL plant and now less than a year later, HADACOL requires a 100% increase in factory space.

Federal "Aid" In Abundance But Taxpayers Pay For It

Uncle Sam has a bargain basement sale in the making with a total of 307 attractive offers of financial aid to state and local governments. All the Federal Government wants in return is a bigger say in running hometown affairs.

In a special study released today State Chambers of Commerce added the bills for Federal aid before this 81st Congress came up with a total of 307.

If all of them were passed, they would add approximately \$3,200,000,000 to present Federal spending the first year and well over \$6,000,000,000 a year by the sixth. None of the bills even hints that the people in the states would pay in full, by Federal taxes, for the very "aid" they were offered.

These proposals cover 41 different types of grants-in-aid. They include such measures as spending \$8 million for the Federal Government to enter the character training field and another \$50 million to promote the health and soundness of youth.

Federal grants-in-aid to state and local governments have grown steadily since the end of World War II, both in total expenditures and in the number and variety of services subsidized.

Among the highlights on the program will be speeches by Dean Rusk, Mrs. Georgia N. Clark, and Governor W. Kerr Scott. There will be classes on crops, livestock and home making, exhibits of farm machinery, and home appliances,

latures have adopted resolutions roundly criticizing Federal grants-in-aid as a growing and costly evil. For instance, the Indiana Legislature said, "Indiana needs no guardian and intends to have none. We Hoosiers were fooled for quite a spell with the magician's trick that a dollar taxed out of our pockets and sent to Washington, will be bigger when it comes back to us. We have taken a good look at said dollar. We find that it lost weight in its journey to Washington and back. The political brokerage of the bureaucrats has been deducted. We have decided that there is no such thing as 'Federal' aid. We know that there is no wealth to tax that is not already within the boundaries of the 48 states."

Farm & Home Week In Raleigh July 31-Aug. 3

Again, officials at State College have planned a very interesting and instructional program for Farm and Home Week. This program will begin at State College on July 31, and run through Aug. 3.

will be on display during the entire week. Demonstrations will be conducted on weed control and farm equipment. Those who desire may join organized tours to the Morehead Planetarium at Chapel Hill, The Governor's Mansion, and the College Farm also organized contests and dances will offer recreation to all age groups. This annual event at N. C. State College gives the farm people an opportunity to gain the latest information available on farming and home making. It also affords an opportunity for one to meet other farm people from other sections of the state and exchange ideas with them.

The college will furnish rooms for all people attending at the rate of \$3.00 per person for the week, or \$1.00 per person per night. Each person will need to take their own linens, blankets, pillows, towels, and personal articles. Those wishing to reserve a room in advance, may send their fee to Miss Maud Schaub, P. O. Box 5157, State College, Raleigh, N. C. Others may obtain room after 8:30 A. M. after they register, July 31, at the William Neal Reynolds Coliseum. It is hoped that a large number of farm people from Duplin County will take advantage of this opportunity to attend the largest event in North Carolina arranged especially for farm people.

Expense Paid Courses Offered To Veterans

Salemberg — Expense-paid courses for veterans in Business Administration will start at Pineland College-Edwards Military Institute about September 1st, according to an announcement by W. J. Blanchard, president of the two schools. Courses will be under the auspices of the VA working with the school. Mr. Royster of Fayetteville, a representative of the VA, made arrangements with Mr. Blanchard.

WARSAW STUDENT TO ENTER BOWMAN GRAY

Fifty-five students selected from more than 1,200 applicants will make up the September class entering Bowman Gray School of Medicine. Of that number, 30 are from North Carolina, five from Georgia, three from Florida, two from South Carolina, two from New York, and one each from New Jersey, Virginia, Kentucky, West Virginia, and Oklahoma.

Twenty-seven of the students took pre-medical work at Wake Forest College. This group includes Edward Lee Boyette of Warsaw.

Volume Drop

Valdosta, Ga., July 26. — The volume of tobacco on sale in the Ga.-Fla. Belt markets began to drop today and some poorer qualities made their appearance.

The volume is expected to pick up next week, after weekend transfer from the curing sheds to the warehouse floors. The supply was better in southern markets than those in the northern part of the

Motor Park Theatre

PINK HILL, N. C. Special Extra 'BATTLE OF KOREA' Monday & Tuesday July 31 - August 1st

At Valdosta, poorer grades brought prospects of a drop of a few cents in the price average. The first few rows today sold for \$51 per hundred, well below yesterday's average of \$55.07 for 600,000 pounds.

At Waycross, top grades held the \$65 price established on opening day, but the most significant increases were noted for low grades. Common leaf rated by government men at 20 cents per pound was bid in at .35.

CARD OF THANKS

We wish to thank our friends and neighbors for the many kindnesses shown during the recent illness and death of our mother. The children of the late Mrs. Emma Quinn.

WEDDING

Mr. and Mrs. W. H. Griffin Jr.

Mr. Link Robinson, 519 Lindsey, is the most content and satisfied man in Newport, Ky. In fact, he says there isn't a thing in the world that can irritate or upset him now that he is on the HADACOL band wagon. If there ever was a man who thought HADACOL is the most wonderful thing in the world, it is Link Robinson, since he learned that his system lacked Vitamins B, B, Iron, and Niacin.

Here is what Mr. Robinson has to say about HADACOL, which is now supplying liberal quantities of these essential elements: "I have been a steel worker for over twenty years. When you are a steel worker, you have to do plenty of good, hard work, and you need lots of good, substantial food. But when a stomach is in as bad a shape as mine was, I couldn't eat. I had gas pains, stomach bloating and nervousness; well, I just couldn't eat the proper foods I needed. My boss told me about HADACOL and I started taking it immediately. After the second bottle I could tell a definite improvement. Now I can eat the foods I need to eat to really be on the job. In fact, I can eat anything I want to. I am not nervous anymore, either. Best of all, I haven't got those terrific gas pains and no more stomach bloating. HADACOL is the best ever. I recommend HADACOL to everyone."

HADACOL is Different. Countless thousands are benefiting from HADACOL. . . . even hundreds of doctors are recommending HADACOL to their patients whose systems lack Vitamins B, B, Iron, and Niacin. HADACOL is so wonderful because HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body—to the heart, liver, kidneys and lungs, even to the eyes, hair and nails. Give remarkable HADACOL a chance and if you don't feel better with the first few bottles you take—you get your money back. Only \$1.25 for Trial Size; Large Family or Hospital Size \$2.25.
