

Recent rains have stimulated tobacco growth and in some areas caused the crop to ripen more rapidly than usual. Many farmers expect to barn their crop in a much shorter period than usual. Rains aided the boll weevil by continuing to hamper control measures. Soybeans, corn and peanuts are reportedly in good condition in most areas. Most pastures are in very good condition and affording more grazing than needed.

### Local School Opens Aug. 17th

The Kenansville school opens for the 1950-51 season Thursday, August 17th. Two new teachers have been added this year. Mr. McPhail will head up the agricultural department, the first such department the local school has ever had. Mr. McCullen will teach in the grades and coach basketball.

The 1950 seniors announce that the 1950 annuals have arrived from the printer and are now on sale in the principal's office and at Kenansville Drug Store Saturday afternoon. Price \$2.00 per book. The annual this year is dedicated to the Kerian family and carries pictures of some of them. Also it carries several pictures from last year's production of "The Duplin Story". It is a well gotten up book and looks much better and is more interesting than last year's "Centralian."

### ALBERTSON LAD INJURED IN WRECK

Efforts to save the right leg of a 12-year-old Duplin boy were made this week by doctors at Memorial General Hospital in Kinston.

The boy, Donald Heath of Albertson, collided while riding his bicycle with a car driven by General Harper, 23, of Albertson. State patrolmen said the lad apparently rode from a driveway into the dirt road where the accident occurred. Young Heath suffered injuries to the other leg, with lacerations, bruises and concussion, his physician reported.

### BASEBALL TRY-OUTS BE HELD BY ST. LOUIS CARDS IN GOLDSBORO

An opportunity to determine whether they have a professional career in baseball will be afforded the youth of this area when the St. Louis Cardinals conduct their tryout camp at Municipal Stadium in Goldsboro on August 11-12.

The Cards annually hold a number of tryouts over the country, including their farm team towns, in order to give the boys who cannot journey to a major league town a chance to have their ability appraised. Each aspirant will be given equal consideration as to ability to field, throw, hit and run bases. Workouts will begin each day at 11 a.m. for all interested between

### Plan Carefully For Cabinets And Counters

Cabinets and counters occupy more space in a kitchen than does any other kind of equipment, says American Builder magazine.

For this reason, the magazine adds, arrangement and size of cabinets and counters should be carefully planned. "For greatest efficiency, storage space in the kitchen should be planned according to the size of the family," American Builder says. "And, if possible, the arrangement should be determined before planning the placement of windows. Otherwise, windows can limit the effectiveness of cabinet arrangements."

For a family of four persons, the building industry publication recommends a minimum of 8 feet, 3 inches of wall cabinets and 3 feet, 9 inches of base cabinets, in addition to space for storing dinnerware.

"When the amount of storage space to be used is determined, it is important that this space be available where it is most needed," American Builder adds. "If appliances are properly arranged according to recommended planning principles and if manufacturers' cabinets are used, there is little chance of error in establishing correct availability of storage space."

Manufacturers of wood and metal cabinets, largely responsible for the rapid progress in development and standardization of kitchen units, today offer integrated units styled to harmonize with appliances. Cabinets are available to fit any kitchen requirements and are usually designed to complement work areas.

Base cabinets under counters where cutting is done, for example, usually have provisions for the storage of staple items used in making foods, while dinnerware storage is usually arranged in wall cabinets directly above the serving area.

Shelves should not be higher than 17 inches from the floor, and wall cabinets should not be higher than 15 inches above the work surface of counters.

American Builder says that minimum amounts of counter space as recommended by a recent Small Home Council study are 10 inches beside the refrigerator, 36 inches at right of sink, 36 inches at left of sink, 36 inches at back of sink, and 36 inches for food preparation.

the ages of 17 and 20. Those attending are asked to bring their own gloves and shoes, and uniforms if possible, as the Cards do not furnish them.

### ANSWERS TO WILD LIFE SKETCHES

Answer to fish picture puzzle: 1-d, largemouth black bass; 2, pumpkinseed sunfish; 3, brook or speckled trout; 4-b, smallmouth black bass; 5-c, bluegill sunfish; 6-a, catfish; 7, yellow or raccoon perch.

Wondering what to do about those straggly neckline hairs that you find spoiling the appearance of your new shorter hair-do? A good home permanent can keep those wispy ends neatly and attractively in place. And here's the secret. A new Midget Spin Curler (shown above) has just been designed to catch and curl even the tiniest wisps of hair. In giving yourself a home wave, wind the two bottom rows in the neckline section with Midget Curlers to be sure to catch every little "problem" hair. For the rest of the head use the regular size Spin Curlers.

### TEACHEY SEAMAN IN THICK OF KOREA

In the thick of the Korean campaign is Hilburne E. Knowles, personnel man, 3c, USN, son of Mr. and Mrs. M. R. Knowles of Teachey, a crew member of a Naval aircraft carrier which is spearheading Navy attacks against the Korean Communist forces.

### ALLEN HORNE BITTEN BY WHITE OAK SNAKE

Allen Horne, son of Mr. and Mrs. Oliver Horne of Kenansville was bitten on the hand last week by a white oak snake while cropping tobacco. He was rushed to a Kinston hospital for treatment. He became desperately sick following the snake's bite. He is now at home recuperating.

### AT CONVENTION

Mrs. "Bit" Patterson will be away Monday and Tuesday, Aug. 7-8 to attend a convention on hair cutting and styling which will be held at the Sir Walter Hotel in Raleigh. The convention will begin on Sunday and will last through Tuesday night.

### Editor Writes About "The Duplin Story"

The following editorial appeared in last Saturday's Goldsboro News Argus:

#### DUPLIN TO REPEAT FAMOUS "STORY"

Many Goldsboro people have been taking in historical pageants this summer.

Scores of folks in this section have gone to Cherokee to "Unto These Hills." It is a portrayal of the story of the Cherokees. Most of those we have heard comment have spoken in high terms of the pageant.

"The Lost Colony" at Manteo continues to draw interest in this section.

In September you will get a chance to see a pageant closer home. The good people of Duplin are again presenting "The Duplin Story." Sam Byrd is again directing. He wrote the story, you know. Corwin Rife is again in charge of the scenery and lighting effects. The same choir which adds so much to the moving "Story" will be used again this year.

If you missed this "Story" when it was given in celebration of Duplin's 200th anniversary, we think you will want to see it this year.

Many of us will want to go back for a second look at a splendidly done pageant which incorporates much of the thrilling history of proud Duplin.

### AMERICAN LEGION HOLDS LADIES NIGHT

Last Friday night at the Warsaw Legion Home Legionaires and their ladies enjoyed a fish fry. J. C. Page, district commander, presided at the occasion. Tracy Brown of Base Hill, Chaplain of the Charles R. Gavin Post, gave the invocation. During the evening Franklin Thomas, Jr., of Thomasville, presented a ventriloquist act. About fifty attended.

### SCOUTS AT CAMP

CONTINUED FROM FRONT going on for years and is one of the most popular programs. The object is to gain the most points by beating other Patrols at their own games. In other words, the opposing teams try to accept the challenger's dare and to gain its points by beating them. On the other hand, the challengers get points by winning its challenge. This particular night was one of the best and most spirited that has been at Tuscarora. The Pioneers won a close contest with 29 points while the Elks placed second with 26. The Moose came in third with 23 points. This contest really thrilled the boys and provided enough excitement to raise the morale of the rain-soaked camp.

On Friday night, Camp Tuscarora promoted its good neighbor policy by entertaining the staff members from the neighboring Girl Scout Camp. The dining hall was decorated in banquet fashion with green and gold, the Girl Scout colors. Dinner consisted of salmon croquettes, french fried potatoes, corn bread, milk, and ginger bread cake for dessert. After dinner, a 45 minute period was allowed for softball, boating, and canoeing, or a general tour of the camp. Afterwards the campers and guests assembled in the dining hall to see pictures of the National Jamboree which was held at Valley Forge recently. After the show the gathering was closed with the customary "Friendship Circle."

The last day of the second camping period held plenty of work for Scouts that were finishing up their advancements. They worked all morning in order to complete their work for the Court of Honor to be held that night.

Immediately after the midday rest period, a candy raffle was held. The bids were made with candy wrappers collected by the campers during the week. The Civitans won the prize box and immediately set off to split the loot. Other activities consisted of a Waterfront Meet. The Elks won. At 5:30 p.m. a mass picnic supper was held in the dining hall. At 8 p.m. the weekly campfire program was held in the Council ring. At the opening service, nine Scouts started climbing the upward trail by becoming Tenderfoot Scouts. After a few songs and staff introductions, Merit badges were presented by Scout Executive Bruce Boyers. The campfire was closed by the impressive "Tapping Ceremony" of the Order of the Arrow.

There were 150 visitors to witness the closing campfire of the second week. The campfire was

one of the best presented at Tuscarora in a long time.

FOR SALE: Surveyor's Compass in good condition. Will sell at a good price. See Miss Ernie Sanderson, Beulaville, 8-11-21. C

### Work To Begin 23.4 Miles Road

Work will begin shortly on 23.4 miles of roadway improvement in Duplin County, the State Highway Commission announced today.

The two projects involved will be financed under the state's \$200,000,000 secondary road program now rolling in high gear throughout North Carolina.

One project calls for the grading and hard-surfacing of 10.7 miles from the end of pavement south of Kenansville southeast via Dobson Chapel to a point on NC 41 approximately 2.5 miles west of Chinquapin.

The Highway Commission awarded contract for the work to N. F. Eure, Beaufort, N. C. The company's low bid of \$93,900.50 was approved by the Highway Commission at its recent August meeting.

The second project involves the grading and hard-surfacing of 12.7 miles from Sarecta southeast to NC 41, from NC 24 north to NC 41 and from NC 41 north to the Jones County line. Contract on this project was awarded to the Zeigler-Cline Construction Co., of Fayetteville, N. C. with a low bid of \$143,255.50.

More work is in progress on North Carolina's road system than during any previous year, Dr. H. W. Jordan, highway chairman, said. If good weather continues, the chairman pointed out, 1950 will be the biggest roadbuilding year in history. Some 800 individual projects are now under construction throughout the state's 100 counties both on the primary and secondary road systems.

### GENERAL WEATHER, CROP SUMMARY

Weather conditions over most of the State continued generally favorable during the week ending July 29. Rainfall was ample to excessive in most sections although some areas still needed rain. Temperatures were favorable through-

## ANNOUNCING The New Telephone Directory

Representatives of the Telephone Company will be in town soon to compile data for the next issue of the Warsaw, Wallace, Faison, Rose Hill, and Kenansville Telephone directory.

Please check your listings in the current directory to make sure they are correct. If you wish any changes made notify the business office now.

While checking your present listings, why not also consider extra listings? If your telephone serves more than one person, additional listings can prove valuable.

Our business office will gladly give you information on this low-cost, convenient service.
