

Beulaville News

SHOWER

Miss Grace Quinn, whose marriage to Nelson Carlton of Warsaw will be solemnized on August 12 in the Presbyterian Church, was honored with a linen shower by Mrs. Marion Quinn and Mrs. Robert Hill of Richlands in the home of the former Friday. Miss Quinn was presented a shoulder corsage upon arrival and received a gift of china. The home was attractively decorated with summer flowers and greenery. At the conclusion a salad plate and iced drinks were served to the 30 guests. The honoree received a vast assortment of lovely gifts.

Out-of-town guests included Mrs. Billy Rand of Clarksburg, W. Va., Mesdames D. H. Carlton, Milford Quinn and Victoria Kornegay of Warsaw.

SUPPER

Members of the National Guard Unit of Beulaville entertained their wives, parents and friends at a barbecue supper Saturday afternoon. The men left that night for two weeks camp training at Camp Stewart, Ga.

ACCIDENT

Norma Ray Quinn, 16 months old daughter of Mr. and Mrs. Edwin Quinn was injured Sunday when she was accidentally run over by a car driven by her father. She suffered a broken back and crushed pelvis and is in a Kinston hospital.

State College Hints To Home Makers

It isn't necessary to iron everything. In many homes, the ironing of sheets, dish towels and much

BEULAVILLE

underwear is considered quite unnecessary. Thorough drying and careful folding is all that's needed.

You can save yourself much future ironing by wise buying of garments and household textiles. Choose such fabrics as jersey, seersucker and corduroy for children's clothes. When nylon fits the purpose, be sure to choose it. Nylon is used for many things and it is worth the extra cost.

If you must iron, give sit-down ironing a fair trial. Sitting down to iron cuts down fatigue more than you'd think. Thousands of women have taught themselves to iron sitting down - and like it - so why can't you? Your own bad habits can sometimes handicap you just as much as poor equipment, you know. The chair you use should support the back, and the seat be of a height that allows you to place your feet on the floor comfortably. The iron you use need not be a heavyweight. It's the heat and moisture, not weight, that does the work. Choose a light weight iron. Don't bear down on it as though you're killing snakes! A reliable heat control helps cut down nervous tension, especially when you are ironing a variety of fabrics ranging from linen to nylon.

BROILER INDUSTRY EXPANDS RAPIDLY

Broiler production has increased about 1,000 per cent in North Carolina in the last 10 years and is now a \$10 million industry with this year's crop estimated at 17,811,000

as compared with 1,700,000 broilers in 1940.

Not only are more birds grown, but much more efficiently. In 1940 it took four pounds of feed to produce a pound of broiler flesh; now it takes only three pounds.

There are tonics for each season of the year, but there is only one which offers a wonderful cure for headaches, worry, or insomnia. Take a good look at the label on the bottle. That is a U. S. Savings Bond, guaranteed to be safe and to pay you back \$4 for every \$3 you invest, after ten years. And the more of this beneficial medicine you take, the healthier will be your income - your future financial standing. So, invest regularly every pay day - summer, fall, winter and spring - in U. S. Savings Bonds.
