Celebrates 90th Birthday

"Granny Lucy" as she is known by friends and relatives celebrated her 90th birthday at the home of her daughter Mrs. Harvey Harper on Sunday, August 13.

Some people are wondering why she set this special day for her birth celebration. The reason was: Her grandson, Cpl. Leamon B. Harper is home on furlough and will be reporting back to camp by the 20th; she wanted him here for the occasion. Her birthday will be August 30th.

Granny Lucy received a number of pretty and useful gifts. Her daughter Mrs. Mark Smith of Deep Run cooked a beautiful three-tiered birthday cake topped with 90 pink candles and a very pretty decoration of "Happy Birthday".

You Are Invited

to make full use of the banking facilities of Branch Banking & Trust Company during the fall season, and all the year round. Whether your checks are on us or some other bank, we are at your service, and it would give us pleasure to have you do business with us.

If you happen to be one who does not bank with us, we want you to know that we can offer you every banking, insurance, and trust service an institution with more than Eighty-Five Million dollars in resources has to offer, plus the knowledge and experience gained through continuous operation since 1872.

Each fall brings us new customers. Some of them become loan customers in the spring with open notes backed by unencumbered farms and crops, or loans secured by collateral; perhaps we finance a car or truck, write some insurance for them, or talk with them about their business problems. They find that we are interested in them and the well-being of the people in this area. May we now place our services at your disposal?

We invite all those who have farm income to bring their first tobacco check of the season to us.

Destroy Tobacco Stalks Now

Now that the tobacco has been harvested, it is a very good practice to plow the roots up to expose them to the hot sun, Lucy Weeks, Duplin Farm Agent, advises. This will help kill the Nematodes (microscopic worms) which cause Big Root. Big Root showed up in a large number of fields this year causing a loss in poundage per acre and quality of tobacco. Often this trouble is more severe
