## "LOOKIN' UP"

### CONTINUED FROM FRONT

We have a lot of baseball fans in Faison and each Saturday or Sunday afternoon when a game was scheduled for our home field large crowds of men, women and children gather under the oaks to watch our boys play. Speaking of the children, I have often held my breath in horror when a ball falls near them. I have never seen a ball hit a little fellow yet, but they certainly have plenty of opportunities to do so. Probably the god Lord don't want to discourage the little tot in his early years at baseball games because baseball is a good clean sport and I don't think that our Master could be too much against it.

In the early part of the summer I attended a baseball game in one of our neighboring towns. I like baseball and like to attend games in the class D circuit but believe you me this game cured me for the whole summer. The games started, I believe, about 7:45 p.m. This game started on time and it was not so many minutes before the home club had 7 runs. Well I thought the game was sewed up. But, lo and behold, the visiting team came roaring back and tied the game up and then they began seesawing back and forth. One got ahead and then the other. I watched and I watched. The seats began to get harder and harder. I was never one of these fellows who left a game before I thought I had my money's worth. We left that game at 11:45 and if one of the players had not got sleepy or something and knocked a home run I don't know when we could have left for home with the score about 14 to 15.

I sure got my money's worth that night but it cured me of class

D ball for this season. From what I can read in the papers and hear over the radio all our local class D ball teams have fared pretty badly this year. If I want to see a horse race I prefer to go to a race track and not to a ball game.

This year I have not seen what I would call a bad ball game played on our home diamond. A team composed of Kenneth Taylor, Loftin Fouts, Dougald McNeil, William Andrews, John Groome, John Warren, Edward Byrd, Jim Taylor, Gordon Parks, Kenneth Warren, Roy McNeil, Claude Walton, Pete Warren, Bobby Ingram, Caswell Moore and Jerry Fouts have given us a good ball team almost every Saturday or Sunday afternoon. Frank Casteen has proven a very capable manager.

We now come to the all star games. Six outstanding Faison players have been selected to participate next Sunday in Calypso. They are the old reliable Bobby Ingram, pitcher, Dougald McNeil, Kenneth Warren, Roy McNeil, William Andrews and Loftin Fouts. When I speak of Bobby Ingram as the old reliable, I mean just that. He has journeyed to Faison each Saturday and Sunday afternoon to be with the boys. I don't know his won and loss record for the year but I know it is good. I understand that he expects to enter Carolina next fall. We certainly wish him the best of luck.

With the end of the baseball season coming around we will have to turn our attention to football. I have heard that Calypso and Faison schools are going to combine into one football team. That certainly is interesting if true.

Next summer we need a little more than baseball to keep us interested. We should have tennis courts and soft ball. Swimming, if we could get someone who might

be able to coach, could prove interesting since Taylor's pond has been made available to the public.

## S. S. PICNIC HELD

### AT WHITE LAKE

The Presbyterian, Methodist and Baptist Sunday Schools held a picnic at Crystal Beach, White Lake, Wednesday of this week. It has been the custom for the past few years for all Faison Sunday schools to hold their summer picnics to-

gether. The plan has proven very satisfactory. Trucks and autos were used to take the group to White Lake. Arrangements were made by W. B. Clifton, Clement Shine and A. M. Davis.

## THE "LURE" OF LOST COLONY LURES

Manteo, N. C. — More than 50,000 persons will witness The Lost Colony during the current season which continues through Labor Day eve, Sept. 3, it was estimated by General Manager J. W. Parker.

A good percentage of the audiences witnessing the performances this year have included persons who have seen the show in previous years. When asked by a visitor why so many persons returned to see the show each year, Director Samuel Selden replied, "Because it is the kind of drama that offers not only spiritual relaxation, but also it is a democratic inspiration in a troubled world."

And that is the "Lure of the Lost Colony," said the visitor.
