## GREYHOUND OFFICIAL RECOMMENDS FALL SEASON FOR PLEASURE TRIPS

People who take vacation and pleasure trips in Autumn are choosing an ideal time of year for travel, according to D. A. O'Dell, traffic manager of Atlantic Greyhound Lines, who today announced Greyhound's nationwide effort to call attention to the desirability of Fall as the time for more pleasant highway travel. He emphasized the many and varied places to go and exciting things to do in the Fall... such as seeing a big football game, taking a group trip to special events, visiting the folks back home, going on a hunting or fishing trip, or taking an expense-paid tour to one of the country's wonder spots.

"People are just beginning to realize the many distinct advantages of Fall travel," O'Dell pointed out. "They are becoming aware of the increased pleasure of such things as cooler weather for traveling, a much wider choice of hotel and resort accommodations, the more colorful scenic beauty of the countryside during the Autumn months."

He then went on to say that this Fall Greyhound has made special plans to provide a wide variety of services to take care of the expected increase in Fall travel. He stated that Greyhound is extending many of its expense-paid Amazing America Tours through the Autumn months, and that special buses are being made available for group trips to the big games, conventions, club excursions and other group events.

Throughout the Fall season, many types of exciting trips will be arranged and a number of special features offered at regular fares. It was emphasized that Greyhound's entire nationwide facilities are being geared to provide the finest possible service for Autumn travelers.

**BUSINESS TO METHODS EASY**

You switch to new farming methods only because they mean a bigger income. You will continue with them only if they are convenient as well as profitable. That's where we come in.

It's our job - our challenge - to fit modern machinery to modern farming. No one except the owner has a bigger stake in productive farm land than we do. Let us show you a new handbook, "Making Paydirt Last." It looks at soil management from your side of the fence, with practical ways to keep cropland, grassland and woodlots paying extra profits.

We're always glad to talk to you about ways to make power machinery serve you better. And if we don't have all the answers, we'll get them for you. That's our business.
