Clinton Planning Winter Concerts

This winter will be concert time again in Clinton. Residents of Clinton and nearby communities will again have the opportunity to hear outstanding artists like those last year: Abbey Simon, Dorothy Sarnoff, and Donald Dame.

Don Britt, president of the Clinton Community Concert Association, announced that the organization of the Association is complete for the coming year, and that plans are being made for an outstanding season.

Mrs. Robert C. Wells, new campaign chairman, has designated the week beginning September 25th as Campaign Week. An opportunity will be given to those who were members of the Association last year to join, after which new members will be welcomed. Volunteer workers will canvas Clinton and nearby communities. Only members of the Association can attend the concerts; no single tickets will be sold.

Mrs. Wells pointed out that no applications for membership can be accepted after Campaign Week except from those who were out of town during the campaign.

Members of the Association are eligible to attend not only the concerts in Clinton, but also those in such nearby towns as Fayetteville, Lumberton, Smithfield, Goldsboro and Kinston.

At the conclusion of the campaign, the executive committee of the association will select the artists to be heard in Clinton this year. President Britt said that the selection of artists depend entirely upon the amount of money available from membership dues. The Community Concert Service has a list of more than 150 attractions from which the selections may be made, including virtually all the major concert singers, instrumentalists, and dancers. State College Hints To Home Makers

Carrying and hanging up the family wash takes time and energy. The average weekly wash weighs about 30 to 35 pounds dry and almost double that when wet. Thus on washdays the housewife carries and handles 60 or more pounds.

In contrast, the woman who has an electric washer and dryer can do the job without carrying heavy baskets of wet clothes up or down steps or bother with clothes pins. Some housewives say they gain a day a week with a dryer because they can wash and iron the same day.

Most dryers require a 220 volt circuit with an individual outlet.
