Mayors' Give Proclamation

To the citizens of Kenansville and Warsaw by virtue of our office, we hereby proclaim the week of October 16-21, 1950, National Business Women's Week. We urge the citizens of our towns to cooperate with the Business and Professional Women's Club of Duplin County in observing this week.

"Measure Up For Full Partnership", the theme for National Business Women's Week this year should appeal to all of our citizens. America's strength springs from the grass roots, from the people in the cities, in the small towns, and the people who live on the farm. Such strength could be great-

ly augmented by fuller use of the capacities of our women - in the home, in society, in the community, and in the world.

Let's support the activities and plans of the Business and Professional Women in our communities during this week and aid in "Measuring Up For Full Partnership."
