CLUBS ENTERTAINED

Thursday evening at the Pollock restaurant Mesdames Edgar Pollock and W. A. Mitchell entertained their bridge clubs and two additional tables.

Outstanding were the floral decorations used in the rooms where the game was held. A color scheme of bronze and gold was carried out with autumn leaves, chrysanthemums and marigolds in the dining room. Tube roses, white chrysanthemums and greenery decorated the living room. The mantle held ligustrum.

Mrs. Graham Phillips received a garden dish for high; stationery was won by Mrs. Hector McNeil for one club and Mrs. Paul Potter received hose for high and stationery went to Mrs. Wilbur Garner for second high in the other club. A potted plant went to Mrs. F. A. Mitchener for high among visitors. Nuts and drinks were passed during the game and at conclusion the hostesses, assisted by Misses Peggy Mitchell and Ross Garner, served a chicken salad plate and coffee. Six tables were in play.

BRIDGE PARTY

Mrs. Emerson Jones was hostess at five tables of bridge Tuesday evening at her home. Fall flowers were used for decoration. Mrs. Momon Barr won high, a

plastic table cloth. She also received a potted plant for traveling. Low score, a wax paper holder, went to Mrs. Bonnie Thomas. Mrs. Jones served cokes and potato sticks during progressions and devil's food cake, topped with whip cream and coffee at refreshment time.

RACKETS, AND MORE-RACKETS

It's a funny thing how so many people are taken in by wild schemes. Thousands of dollars change hands every day from the pockets of suckers to the pockets of slick promoters who are here today and gone tomorrow and are rarely ever seen again.

Take the racket that has been going on for several years now in the rural areas of the country. It's called the "Barn Painting Racket". The fleecing is done by itinerant painters who are reported traveling about the country getting money out of farmers by engaging jobs to spray-paint barns, silos, etc.

According to the complaints that have reached Better Business Bureaus these gangs carry some five gallon cans of nationally advertised first quality paints in their trucks to use as bait to get jobs. However, it is said that a mixture of old motor oil, kerosene, red brick powder, and carbon is used for the actual painting which is washed off by the first rain.

The answer to this, of course, is to know your painter and don't take on the first unknown that comes along with an offer to do the job.

Then there is the "Fake Television Inspector" racket, which really takes the cake.

Employing the door-to-door approach, these fake service repre-

sentatives who claim to be from recognized firms, gain admission to a house by representing themselves as "inspectors."

After a so-called "inspection" of the set they use scare tactics by advising the housewife that unless her set is removed to the factory and repaired it will blow up or break down completely.

The housewife, scared and taken in by all this professional talk, obligingly lets her set go without realizing that she will never see it again. The best thing in these instances, of course, is for the housewife or anyone else to always check credentials of anyone claiming to be an inspector.

And of course there is the old oil well racket that came up some years ago in Wilson, the world's largest bright leaf tobacco market.

It was a stock selling scheme, and many an Eastern Carolinian was taken in by it. A farm was rented, a little oil was thrown around on the ground, and in a little pond on the place. Then the "prospectors" took people out to see it and told the gullible that there was "oil in these here parts". They sold several thousand dollars of stock before they left the area one night and were never seen again.

Such is the world in which we live.
