

N. C. Forestry Assoc. To Celebrate 40th. Anniversary On Nov. 15-16

Wannish, N. C., Oct. 26.—The North Carolina Forestry Association will celebrate its 40th anniversary in Raleigh on November 15th and 16th, according to an announcement released today by Wm. S. Edmunds, executive director of NCFCA.

Highlighting the opening session of the two-day annual meeting will be a series of discussions led by George R. Ross, Director of N. C. Department of Conservation and Development. The theme for these discussions will be "Forestry Education on the March", and will feature a review of significant forestry developments in North Carolina during recent years.

Also participating in this discussion will be Dr. Clyde Erwin, chairman, Resource-Use Commission, Dr. C. F. Korstian, chairman, The N. C. Forestry Council, W. K. Beichler, State Forester, John L. Gray, Extension Forester, A. L. Teachey, Director, Vocational Agriculture, E. B. Garrett, State Soil Conservationist, G. T. Scott, Director, Production and Marketing Administration, R. A. Vogenberger, District Forester, Tennessee Valley Authority, Dr. I. T. Haig, Director, S. E. Forest Experiment Station and Earle Porter, International Paper Company.

SO MUCH GAS

Afraid She Would Burst!

"My stomach was so full of gas I was afraid I'd burst. Had sour risings in my throat after meals. I got CERTA-VIN and it worked inches of gas and bloat from me. Waist-line is way down now. Meals are a pleasure. I praise Cert-Vin to the sky." — This is an actual statement from a lady right here in Kenansville.

CERTA-VIN is helping victims of stomach gas ALL OVER this city. It is taken before meals and works with your food; thus you get the fullest good out of your meals. This new medicine contains 10 Great Herbs plus vitamin B and iron. So besides relieving gas, it also enriches the blood with iron and energizes the nerves with vitamin B. Miserable people soon feel different all over. So don't go on suffering! Get CERTA-VIN.

Warfarin Means Death for Rats, Mice

Dr. Karl Paul Link, in whose laboratories warfarin was discovered, is shown with an assistant at the University of Wisconsin. Rat in inset has died painlessly from internal hemorrhage after consuming warfarin bait.

With inventors presumably still working on ideas for a really better mousetrap, a University of Wisconsin scientist, Prof. Karl Paul Link, has beat them to the punch with a substance that promises to make traps — and the old types of poison — obsolete.

The new substance — warfarin — is the deadly ingredient in rat killers now on the market under various trade names. Unlike many rat poisons, warfarin is not "for professionals only." Anyone can use it, safely and effectively.

Nationwide tests by agencies such as the U. S. Fish and Wildlife Service and the U. S. Public Health Service have demonstrated its outstanding effectiveness. Now it has been selected for use in many statewide rodent extermination campaigns.

Poisoned rodents show no immediate symptoms and develop no "bait shyness" with warfarin. That is one of its major advantages. The rats and mice continue to eat and gradually become sleepy, walk more slowly, and finally die painlessly of internal hemorrhage.

Since warfarin, to be effective, must be consumed in small quantities over a period of days, there is little chance that children, pets, or domestic animals will get enough to cause ill effects. Warfarin will bring a rat population under control, then prevent reinvasion of a given area thereafter by killing new comers as they arrive.

Before its release to commercial manufacturers and consumers, warfarin was given several hundred field trials in every state in the nation, in Canada, Hawaii, and other foreign countries. The tests were conducted by the United States Fish and Wildlife Service and the Public Health Service.

"Many reports showed complete elimination of rats and mice where all other poisons tried had failed," the Foundation reported. Warfarin presents a completely new approach to rodent control, and places it on a sound, scientific basis.

NOTICE OF SALE OF LAND UNDER MORTGAGE

Under and by virtue of the power of sale contained in that certain mortgage executed by L. L. Brock and his wife Maggie T. Brock to J. J. Barden, Jr., mortgagee, dated December 30, 1946 and recorded in Book 438, page 97 of the Duplin County Registry, default having been made in the payment of the indebtedness thereby secured and said mortgage being by the terms thereof subject to foreclosure, the undersigned mortgagee will offer for sale at public auction to the highest bidder for cash at the courthouse door in Kenansville, North Carolina, at noon, Monday the 13th day of November 1950, the property conveyed in the said mortgage. The same lying and being in Duplin County, North Carolina, and described as follows:

"Beginning at an iron stake 40 feet West of the line of D. S. Williamson, W. R. Bryant Place, and a corner of Jessie Davis' land and

runs North 2 E 6 poles to an iron stake, thence North 79 1-2 West 26 2-3 poles to an iron stake in the edge of a ditch; thence South 2 West 6 poles to an iron stake on D.

Imperial... in every sense of the word!

Imperial... every powerful, gleaming inch of it. Imperial... it is the only word that comes to mind when you see the luxurious fabrics and appointments inside. Imperial... is the way you feel as individual motors raise and lower your windows. Imperial... is the only word that describes your command of the road as you drive. Imperial by Chrysler is the wholly new car that is setting a new goal for every family with the taste and the experience in motor cars to recognize unrivaled built-in value all the way through. It is the first car in America to make no compromise with quality... the only car to consider if you want the finest. We'll welcome an opportunity to let the Imperial prove it.

See it — drive it... there's built-in value all the way through!

Chrysler's Advantages in Comfort and Safety

Functional Design—full room for your head, legs, shoulders. Easy to enter and leave! Safe Guard Hydraulic Brakes—moother stops. Seal-Lock Parking Brakes—holds car on any hill. Electrically Operated Windshield Wipers—constant speed all the time! Chair Height Seats—no crouching, you sit naturally! Safety Bar Wheels—won't throw tires after blowouts at normal speeds. Double-width Arm Rest—for arm chair comfort.

Advantages of Chrysler's Fluid Drive

Automatic Gear Shifting—with full control of your car! Better traction—safer on slippery roads. Convenience of clutch for easier parking. Slower Engine Speeds—reduced noise, wear. Save gasolene! Drive in high while others drive in low in traffic.

Advantages of Chrysler's High Compression Splitfire Engine!

Waterproof Ignition—prevents stalling in rain or high water! Chemically Treated Cylinder Walls—for greater wear. Piston Power—helps eliminate vibration. Superfinished Parts—reduce friction, last longer. Exhaust Valve Seat Inserts—reduce need for valve grinding! Full Flow Oil Filter—keeps oil clean longer!
