To my many, many friends and customers throughout Warsaw and its surroundings it gives me great pleasure to announce that M. H. Barr who has been associated with this business for over 17 years is becoming affiliated as co-owner of A. BROOKS DEPARTMENT STORE now being INCORPORATED, due to my health my Dr. has ordered me on an inactive status and since M. H. BARR is buying an interest he has agreed with me the stock must be greatly reduced before the inventory is taken, therefore I am shifting the responsibility on his shoulders and urging that the entire stock be placed on sale at prices unheard of before. Thousands of bargains will await your buying and saving during this once in a lifetime change-over. We have worked through each and every department and have placed on sale numerous items far below cost. NOW is the proper TIME and PLACE, never before and perhaps never again will your dollars go so far. Be sure you attend this great RE-ORGANIZATION SALE.

Our reputation in the past 37 years has been built on quality merchandise at the right price and a store you have shopped in with confidence, this will be our aim in the future and you will be assured a better shopping headquarters at A. BROOKS, INC.

M. H. BARR, Manager

## Popular Warsaw Department Store Effects Complete Reorganization; M. H. Barr New Brooks' Manager

A. Brooks Department Store in Warsaw is undergoing a change in ownership and management. The 21 year old institution that has been owned and operated by A. Brooks is being incorporated and M. H. Barr, for the past 17 years associated with Mr. Brooks as head clerk is buying an interest in the business and is becoming general manager. Mr. Brooks is not retiring from the business but due to his health doctors have ordered that he take a less active part in running the business. Mr. Brooks is a popular merchant and citizen of Warsaw. He has always taken a leading interest in civic affairs and has been at the front of any movement for the betterment of his community. In his store he has strived to keep abreast of things in the merchandising field and has supplied Warsaw and vicinity with a modern department store.

Mr. Barr is not new to Warsaw. Being a member of the younger set he is a leader in their civic improvement activities. He is popular with young and old alike and his friends are glad that he has staked his future in Warsaw. During the past 17 years he has been away twice for short stays. Once in service and at another time he took a job as traveling salesman for one of the South's largest wholesale dry good houses. Mr. Barr just couldn't get Warsaw and Brooks' store out of his blood so he decided to settle the matter and be all in.

## Jacksonville Tops Warsaw 33 To 6

Jacksonville walloped Warsaw 33-6 in Warsaw Friday night in an East Central Conference football contest. The winners led 30-4 at halftime. Tom Hewitt scored three times—on runs of 10, 35, and 8 yards. Don Swinson went 10 yards for a tally and Gerald Daugherty kicked over from the one-foot line. Jim Brown, Frank Roberts,

## State College Answers Timely Farm Questions

Q. Do cows that freshen in the fall require more barn feed than cows that freshen in other seasons?

A. Fall freshening cows require no more barn feed to produce 100 pounds of milk than cows freshening at other seasons.

Q. How can I keep turpentine beetles from attacking pine trees around my new house?

A. The pest usually attacks only injured or weakened trees. Protect trees from injury by building a simple board fence around the trees you wish to keep.

ADMINISTRATOR'S NOTICE

Miller, deceased, late of Duplin County, North Carolina, this is to notify all persons having claims against the estate of said deceased to present them to the undersigned at its Trust Department Office in the City of Raleigh, North Carolina, itemized and duly verified, on or before the 3rd of November, 1951, or this notice may be pleaded in bar of recovery.

All persons indebted to the estate will please make immediate payment to the undersigned Administrator.

This the 27th day of October, 1950.

First Citizens Bank & Trust Co., as Administrator of the Estate of Mrs. Henrietta Miller, Deceased.  
12-3-61 F.C.B.

## Negro Farm Notes

The Teachey Junior Negro 4-H Club met recently and elected new officers. They are: Pres. Dewitt Costin; Vice-Pres. Henry Wells; Secy. Polly Smith; Asst. Secy. Geraldine McMillan; and Treas. Evelyn Murphy. Song leaders are Earl Kannon and Claudie Powell. Recreation leaders are Bernice Hayes and Robert Stokes. Forty-two members were present and heard remarks by Professor Smith, principal of the school.

Indications are that McGurdy's 1002, a hybrid corn, may be a general recommendation in this area before long says R. E. Wilkins, Negro County Agent. On five projects carried out by Negro farmers, the per acre yield was substantially higher for McGurdy's 1002 than the N. C. 27 variety. Checks made between Sept. 25 and Oct. 2 showed

## State College Hints To Home Makers

Small repair jobs around the house so often fall to the homemaker that a simple kit of tools comes in very handy. A hammer, large and small screwdriver, medium sized pliers, and a 6 inch crescent wrench are some of the most commonly used tools.

Assemble these tools in a convenient holder and keep it where it can be found when needed.

Using tools efficiently is as important as having them handy. Use a screwdriver with a blade as wide but no wider than the slot of the screw. Put pressure on the push, not on the twist. Pliers are mechanical

fingers for tight holding. Pliers should not be used on nuts or bolts. A wrench is the tool for the job, and an adjustable wrench saves the bother of having a set of different size wrenches.

## Tuberculosis Responsible For Killing 40,000 Persons A Year; Age Group 15-34

The tremendous cost of tuberculosis in terms of lives, suffering, and dollars is emphasized in the 1949-50 annual report of the National Tuberculosis Association, released Oct. 26 by Dr. J. E. Perkins, managing director.

Killing more than 40,000 persons a year, TB is responsible for more deaths in this country than all other infectious diseases combined and leads all diseases as a cause of death in the age group 15 to 34.

While the tragic cost of TB in broken lives and broken homes cannot be calculated, the report states that the monetary cost of TB is estimated at more than \$350,000,000 a year. The sum does not include hospital construction costs.

Yet TB, a communicable disease, is also a preventable disease, and can be brought under complete control if the present campaign is stepped up and relentlessly pursued.

Cited among the outstanding requirements to fight TB are a program geared to the needs of the day; further medical advances in

education fields as well as in diagnosis and treatment of the disease; more local health units to serve the health needs of all the people; a public better educated in the prevention and control of TB; more widespread efforts to find people with TB while the disease is still in an early stage; more hospital beds; more nurses trained in the care of TB; improved services for TB patients and international control of the disease.

While the prediction may be made that sometime in the future TB may become a medical rarity, the report stresses that close vigilance will have to be maintained against it. It has already been the

target of the most widely organized, longest sustained, most productive campaign ever to be directed against a disease. The campaign was launched in 1904 and today has 2,907 affiliated associations in the 48 states, Dist. of Columbia, Alaska, the Canal Zone, Hawaii, and Puerto Rico.
