SCRIPTURE: Acts 10-11; Philippians  
DEVOTIONAL READING: Colossians 2:12-17.

## Interflowing Life

Lesson for November 12, 1950

**A**N AUSTRALIAN minister once remarked: "If ever a church could be found whose members treated one another better than people treat one another on the outside, the world would flock to its doors." In that exaggerated remark there is a pointed truth. As a matter of fact, that was the case in the early church and the world did flock to its doors. From Dr. Foreman six score people that church grew to 5,000 in no time, and in less than three centuries it was the religion of a world-empire.

### This Scrambling World

**O**N THE "outside" what is the rule? David Harum put it in a nutshell: "Do unto your neighbor what he would like to do to you." "Every man for himself and the devil take the hindmost." "Every man has his price." "Look out for Number 1." "Blessed is he that tooteth his own horn, for he that tooteth not his own horn, the same shall not be tooted."

People get tired of living in a world like that. Something tells them that the everlasting scramble is not the way to live, there must be a better way. Suppose they could look down the street and see that better way actually being put into practice by a little community of people? They ought to be able to see it wherever there is a Christian church. But—is the average church that kind of community? Do the members treat one another (on Mondays, that is) with more understanding, consideration and affection than the local atheists or Non-Ingarians show toward one another? Indeed, is there anything whatever that seems to link these First What-Is Church people together with a common bond?

### Making Fellowship Real

**I**N A large city there will be a page or more of Smiths in the telephone directory. These all have the same name, but most of them don't know one another and don't care. Too often it is this way with Christians even in the same congregation. They all bear the same name, but that is about all.

What they ought to have is fellowship. This is not a mere word. It can be a real thing. It is like a two-way blood transfusion, in the realm of personality. It is interflowing life. It can be the source of the Christian's finest growth and service. Musicians develop musically through sharing with other musicians. Every "Future Farmer of America" is going to be a better and more enthusiastic farmer through his associations with the F.F.A.

### Wider Horizons

**C**HRIStIAN fellowship needs not only to be enriched; it needs to be enlarged. In a town or section where denominational life's run sharply across the population, there is too much cross-fire. Such a community has a hard time being a community. Many a denomination has been afflicted with the disease of pride. Loyalty to one's own denomination too easily replaces loyalty to the kingdom of God.

Whatever be your own church connection, there are unnumbered true Christians outside the bounds of your church. Do you know them? Do you worship with them from time to time? Do you encourage visitors from other churches? Not only in other denominations but across lines of race and color you can find a thrill in coming close to Christians who may even be much better Christians than yourself.

Young people in your church may be interested in a new organization which is interested in bringing together the thinking of young people in every land. Young Christians can bring to such a project the insight and the spirit of Christian Faith, and learn to know young Christians in other lands than ours. "Youth of All Nations" at 16 St. Luke's Place, New York 14, N. Y. serves as a clearing-house for the exchange of letters and will be glad to hear from you.

The Christian Rural Overseas Program (CROP) officially opened its 1950 harvest appeal to rural Americans to help underprivileged and hungry people overseas with relief in kind by dedicating an entire shipload of foodstuffs on United Nations Day in Chicago. The cargo was made up of advance contributions from 17 states where CROP this year operates and government surplus of powdered eggs and dried milk. Participating in the colorful ceremony were DP children seen above in Ukrainian national costumes who sang "America" in English and in the Ukrainian tongue. Some of the government surplus is seen in the inset during loading ceremonies flanked by Walter Parr (left) and Carl Key (right), CROP's Regional Field Directors.
