

N. C. Dept. C & D To Deliver Seeds Dec. 1

Land owners who wish to plant pine seedlings on their open land are urged to get in their orders for seedlings as soon as possible according to Joe Herlevitch, District Forester.

Price per thousand for pine seedlings this year will be \$2.50 at the Clayton Nursery or \$3.00-delivered. There will be a mechanical tree

planter available for the larger tracts if requested.

"Don't let your open land be idle, grow trees for tomorrow's crop." Application blanks can be had by contacting County Forest Warden Ralph Miller of Beulaville, or the District Forester's Office, Whiteville, N. C.

Nurse Tells How Hadacol Was So Helpful To Her

Supplied Vitamins B₁, B₂, Iron and Niacin Which Her System Lacked

elements so vital to help maintain good health and physical fitness.

Why These Vitamins and Minerals Come in Liquid Form

There's a very good reason why HADACOL comes in special liquid form. These precious Vitamins and Minerals are more easily and quickly absorbed into the blood stream this way—ready to go right to work. A big improvement is often noticed within a few days.

Don't Be A 'Doubting Thomas'

After reading Mrs. Adele's wonderful experience with HADACOL—how can you doubt that this great new nutritional formula will help you if your system lacks Vitamins B₁, B₂, Iron, and Niacin?

What HADACOL did for Mrs. Adele, it can do for you if you're troubled with aches and pains in the shoulders, legs, and arms, certain nervous disturbances, insomnia when due to an upset stomach, stomach distress and a general run-down weakened condition due to such deficiencies.

So what are you waiting for? Don't you see that HADACOL is the kind of product you need—the kind you should buy and the kind you should start taking immediately!

Sold On A Strict Money-Back Guarantee

HADACOL even helps build up the hemoglobin content of your blood (when Iron is needed) to course through your body, carrying these great health-building elements to every body organ. No wonder HADACOL helps you feel wonderful!

Be fair to yourself! Give yourself a break if you have such deficiencies! Why continue to drag yourself around—a burden to yourself and your family—when relief may be as close as hand as your nearest drugstore if you suffer a deficiency of Vitamins B₁, B₂, Niacin and Iron. This great HADACOL is inexpensive, too—costs only a small amount a day. Trial size, only \$1.25. Large family or hospital size, \$3.50. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana.

© 1950, The LeBlanc Corporation.

Mrs. Jennie Lee Adele, 412 N. 27 St., East St. Louis, Ill., a nurse, says she wishes she had found out about HADACOL sooner because since taking HADACOL she feels so good. Mrs. Adele was suffering a deficiency of Vitamins B₁, B₂, Niacin and Iron which HADACOL contains.

Here is Mrs. Adele's own statement: "I have been a nurse for over 14 years. My food never seemed to agree with me. I heard one day how so many folks were being helped because of HADACOL. I tried it and after 3 bottles I could tell a big improvement. Now I eat anything I want—sleep well and I am full of energy."

Why HADACOL Gives Such Fine Results

HADACOL does not bring just symptomatic relief. HADACOL now makes it possible to actually relieve the cause of aches and pains in the shoulders, legs and arms, certain nervous disturbances, and a general run-down weakened condition due to deficiencies of Vitamins B₁, B₂, Niacin and Iron in your system.

HADACOL not only supplies deficient systems with extra quantities of Vitamins B₁, B₂, Iron, and Niacin but also helpful amounts of important Calcium and Phosphorus

has been duly transferred and assigned to R. D. Precythe, the undersigned will offer for sale for cash on Saturday, the 18th day of November, 1950, at the hour of 10:00 A. M. at the place of business of R. D. Precythe in Faison, North Carolina, the following articles of personal property, to wit:

AUTUMN

Autumn is the loveliest season. The very sweetest time of all. When cool weather descends upon us the goldenrod puts on her shawl.

Springtime is lovely in scenery. The daffodil sports a new crown. And flowers blooming in the meadow are dressed in rich, lovely gowns.

All the birds sing sweetly in summer. There's shade under umbrella trees. And the daisy is rich in pollen. That gets on the legs of bees.

In winter the snow is so lovely. The night wind sings soft lullabies. And leaves that died in November Now sleep under blue starry skies.

These seasons are sweet and cherished. They're precious as lambs in the fold.

But none so gorgeous and lovely As autumn when green turns to gold.

Beatrice Walker Wallace, Albertson

Young Drivers In Majority; Cause Most Wrecks

Raleigh, N. C.—Persons under the age of 25 hold 30% of the driver's licenses in North Carolina but are involved in 53% of the accidents on the State's highways, a study completed today by the Department of Motor Vehicles revealed.

A study of 64 fatal accidents in August—an average number for any month—revealed that persons under 25 were drivers in 26, or 41% of fatal accidents. Eight of these involving young drivers oc-

curred between 11 p.m. and 2 a.m. Some of the worst traffic accidents of the year, resulting in multiple fatalities, also have involved drivers of this young group and have occurred late in the evening or in early morning hours.

A study of 2,400 accident reports in a typical month revealed that 1,282, or 53%, involved persons in the 16 through 24 age group.

Sports Afield

Don't let the cook in your family tell you game isn't good eating. Game is the finest food in the world if it is cooked properly. Try fixing a venison roast the way Harry Botsford does.

Have your butcher cut the meat and store it. Marinate it for 24 hours in equal parts of water and vinegar—enough to cover the meat. Include a couple of sliced onions, some crushed bay leaves, a few peppercorns, a tablespoonful of celery seed and a few leaves of tarragon. Remove the meat, drain and trim off the fat. In place of the fat use strips of dry salt pork. Insert a few slivers of garlic in slits in the meat.

Sear the roast, put in a 450 degree oven and cook about 30 minutes to the pound. Baste frequently with the marinade, and remove cover for the final half hour in the oven. For gravy, boil the drippings with a glass of red currant jelly. When the mixture thickens add a small jigger of sherry wine, and serve with the roast. There you'll have a dish with a truly uplifting flavor.

Venison steaks can be superlative, too. They should be soaked for an hour in olive oil and minced garlic—then quickly broiled. When done place a pat of butter on each, return to the broiler and turn off the heat—after two minutes they are ready to serve.

If the meat has been properly aged, and if steaks are not too thick, they'll be tender enough to cut with a fork.

Venison is a versatile meat. It is tremendously good when barbecued and can be run through a food chopper with plenty of onions and made into venisonburgers. Boiled with onions, a trace of garlic and plenty of spices, it makes marvelous sandwich material when sliced

cold. Bite sized venison, rolled in heavily seasoned flour, put in a bean pot, covered with evaporated milk and cooked for at least four hours makes a savory dish that is a perfect pal to a bowl of creamy mashed potatoes.

GAS PAINS GO! Inches Of Bloat Vanish

Swelling with gas after meals—rising of hot, sour liquids into the throat—a heavy, swollen feeling around the waist-line. These are some of the penalties of an Upset Stomach.

CERTA-VIN is helping hundreds of stomach "victims" here in Kenansville. One local man said CERTA-VIN worked so much gas and bloat from him that his waist-line went down 7 inches.

CERTA-VIN is a new formula containing Ten Great Herbs blended with vitamin B and Iron. It not only relieves gas; it also enriches the blood with new red cells and makes the nerves stronger with vitamin B. Miserable people soon feel different all over. So don't go on suffering! Get CERTA-VIN.

State College Hints To Home Makers

A new non-stir method of laundering wool blankets in automatic washers proved the solution to the shrinkage problem. The idea is that of removing soil by soaking rather than agitation.

The non-stir or soak-cleaning was tried out successfully on 40 new and used wool blankets. New ones laundered this way shrank only a trifle or not at all. Used blankets, badly shrunken in previous launderings, were reconditioned and came out four to six inches longer when finished by stretching and brushing.
