Tide Water Engineer Local Representative

Wilmington, N. C., Dec. 1.—Clyde E. King of 257 Lake Forest Parkway, Wilmington, has been appointed to serve as local representative of the Illuminating Engineering Society it was announced today by A. H. Manwaring of Philadelphia, General Secretary of the Society.

King, who is Lighting Engineer for Tide Water Power Company, will operate in the entire Southeast and will cooperate with the national group. His duties will be to form meetings with other societies, hold I. E. S. meetings, help electric engineers and architects with all lighting problems and distribute information pertinent to modern lighting.

King is the first to be appointed I. E. S. representative in this area. He has been Lighting Engineer for the local power company for about four years and had attended two courses in modern lighting design at Nela Park, the General Electric School in Cleveland. When asked about his plans for this vicinity, he said, "We'll follow the Society's policy of planned lighting and better light through modernization. The Illuminating Engineering Society was formed to foster more lighting and to progress with general industry as it grows."

Coke, essential to the manufacture of steel, was first commercially used in Mauch Chunk, Pa.

Former Teacher Killed

Fayetteville, Dec. 9.—An automobile and a tractor-trailer loaded with cabbage crashed and burned on Highway 15A near here early today, killing two well known North Carolina school teachers.

The victims of the accident, which happened about six miles southwest of Fayetteville, were J. B. Raby, 39, an agriculture teacher of Peachland, and D. E. Johnson, 47, a Polkton teacher and farmer.

It was reported that investigating officers found a handwritten document on Johnson's body. It was his last will and testament and it bore the date Dec. 9, 1950.

They were riding in the automobile. The driver of the transport, Harvey Cecil Hughes, 18, of Atlanta, escaped injury by jumping from the cab window as the big vehicle overturned and burned in a ditch after the collision.

Coroner Joe Pinkston said he has been unable to determine who was driving the car. He indicated that there would be no charges in the case.

Mr. Johnson served as agriculture teacher at Chinquapin 3 or 4 years several years ago.

State College Hints To Home Makers

The velvets, velveteens and corduroys, being worn so much this year, need special treatment to keep their fresh appearance and wear well, say clothing specialists.

Velvet, whether silk or rayon, is a more delicate fabric than cotton velveteen or corduroy, and marks or crushes more easily, especially when damp. Dry cleaning rather than washing is recommended for velvet. Many corduroys and some velveteens may be washed at home, but is safest to test a sample in advance to see if it is fast in color or shrinks.

Steaming velvet is the easiest way to smooth wrinkles and lift crushed places. Hang the garment on a hanger in a steaming bath-

ference by dropping a close decision to the Wallace All Stars, 29 to 26, in the Kenan Auditorium. The visitors from Wallace took an early lead and led throughout the entire game. At half time Wallace was leading 16 to 8, but the locals came back in the second half to outscore and outplay the visitors. With two minutes to play and the visitors leading 29 to 20, the local five showed that they were still in the game and scored six points while keeping the visitors scoreless.

Bracket with 12 points took scoring honors for the visitors and also in the Southeastern Basketball Conference for the game. N. B. Boney, Jr., with 8 points and R. Hasty with 6 points were the Kenansville leaders. Harry Murphy, a local guard, was outstanding on defense and was a ballhawk all night.

The Kenansville team meets Faison at Faison Friday night of this week.

All Star Game

The Kenansville All Stars opened their season Wednesday night in the Southeastern Basketball Conference for the game. N. B. Boney, Jr., with 8 points and R. Hasty with 6 points were the Kenansville leaders. Harry Murphy, a local guard, was outstanding on defense and was a ballhawk all night.

The Kenansville team meets Faison at Faison Friday night of this week.
