

### Scott's Store Home Demonstration Club Petitions For Rural Phone Line

One hundred and fifteen farmers of North Duplin near the Wayne county line have petitioned the State for rural telephone service. Mrs. Edd Kornegay, and Mrs. W. E. Waller, officers of the Scott's Store Home Demonstration Club said, "We decided we might do some good with our organization." They received a letter Monday of last week from Gwynn B. Prive, Rural Electrification authority of North Carolina on the problem. The letter stated that the list of names would be turned over to the Mount Olive operation of the Southern Bell company for action. "We

feel that we may get the line through soon," Mrs. Kornegay said. The petitioners want a line that would extend from Summerlin's cross-road to Westbrook station, Blizzards mill, and up to Mrs. Alma Grady's home near the edge of Wayne. Most of the petitioners are on Mount Olive route two and one, although there are several on the Albertson mail route. "The club intends to see this through, and we are willing to carry the request right on up to Governor Scott if necessary," Mrs. Kornegay added.

### Farm Price Rise Expected In '51

Prices received by Tar Heel farmers will average about 10% higher in 1951 than in 1950, believe specialists of State College Extension Service. The statement is contained in an agricultural outlook summary being distributed to farm agents in all of the State's 100 counties. The conclusions given in the summary are based on data provided by the U. S. Department of Agriculture.

According to the summary, production costs will be higher in 1951. Taxes will be higher. Farm labor is expected to be higher in price and more difficult to obtain. Supplies of feed, fertilizer, and farm equipment appear to be adequate but likely to be higher in cost and more difficult to get at critical times. Supplies of some pesticides may be short and prices materially higher. With no extremes of weather, the volume of farm marketings will increase. The expected higher production, selling at a higher price and produced at a higher cost, should yield net incomes to farm operators about 15% above the level of 1950. Family living costs

### Grady P T A Room Winners

The B. F. Grady PTA held its regular meeting Monday night, January 15. Winners of room count were Mrs. Effie Outlaw's first grade, Mrs. Josephine Smith's fifth grade, and Miss Margaret Smith's ninth grade. After a short business session the meeting adjourned to the gym where Boy Scouts were holding court of honor. The five troops of the district were competing in scouting skills to select two troops to represent the district at a council rally in Goldsboro in February. Troop 40, B. F. Grady, with 32 points and Troop 20, Warsaw with 27 points, were the winners.

### Patrolman Do More Than Arrest

Exclusive of the protection offered to citizens of the State by the Highway Patrol during 1950, each patrolman brought in approximately three times as much revenue and

stolen property recovered as was paid him in salary, the N. C. Dept. of Motor Vehicles estimated. The average salary of a patrolman amounts to \$2,800 a year, while each recovered property, collected highway revenue and with fines and costs brought in to county school funds and general funds totaled approximately \$8,843. Value of 763 cars and property returned to individuals was estimated at \$664,024.18. The Patrol investigated 83,086 complaints. Court cases numbered 173,316. First aid was rendered in 85 cases and fires extinguished in 32.

### U, V, W, X, Y and Z Drivers Apply For Renewal Licenses

Persons whose surnames begin with U, V, W, X, Y, and Z should now apply for renewals of driver's license, the N. C. Department of Motor Vehicles reported. Motorists who obtained renewal of their driver's license in 1947 under the re-issuance program and whose birth-dates fall early this year should also apply. Motorists who are uncertain about the expiration date of their licenses should refer to the lower right hand corner of their present license cards. These motorists will be permitted to seek second renewal 30 days in advance of the expiration date, which falls on their birth date. The majority will have surnames beginning with A or B, but a few will fall in other alphabetical groups.

### Scouts Seek Adult Recruits

Goldsboro. — Recruitment of more adults in the program of Scouting, to serve as neighborhood commissioners, and the improvement of the quality of the program of the Boy Scout movement, were named as major objectives at a meeting of Tuscarora Council commissioners in Goldsboro. Present for the conference were W. A. Davis of Clayton, Johnston district; Judge Samuel A. Howard of Clinton and Salemburg, Sampson district; Rev. Jerry M. Newbold of Warsaw, Duplin district; and Council Commissioner James W. Butler of Goldsboro, Wayne district. Bruce M. Boyers, council executive of Goldsboro, and L. W. Hewitt, Sr., field executive of Clinton, announced plans for a program in observance of National Boy Scout Week, Feb. 4-11 in each district.

### Davidson Gets Gift of \$100,000

Dr. J. R. Cunningham, president of Davidson College, announced recently that the school has received a \$100,000 gift from David Owens, vice president of a Charlotte department store. He said Owens' gift, like his recent \$250,000 donation to Queens College in Charlotte, carried no strings and added that the money would be used to build a student union building.

ducts are expected to be moderately higher in 1951 because of increased consumer demand. Indications are that the demand will exceed the supply. To increase production and profits in 1951, Tar Heel farmers are advised to: Produce low-cost feed, especially pasture. Raise replacements from better cows. Keep supervised herd records like DHIA or HIR. Breed a good percentage of cows for fall freshening. Supply of milk is short in fall and winter. Maintain good herd health thru good management. Inexperienced dairymen should start by selling manufactured milk to see if they like dairying.

### Nation Facing Cotton Shortage

It's more profitable to make 10 bales of cotton on 10 acres than 10 bales on 20 acres. So advice from specialists say plant all the cotton you can care for properly in 1951, but no more. To meet the expected cotton shortage, Tar Heel growers are advised by the Extension Service to: Secure supplies of good planting seed adapted to your area. Do this now. Order insecticides when fertilizer is ordered. Follow recommended practices in fertilizing, poisoning, defoliating, harvesting, and marketing. Follow good farm management practices, working your increased acreage into your over-all program in the most profitable way.
