**County Forest Fire Wardens Take New Title As County Forest Rangers**

In the past the men who fought and suppressed the forest fires in the county was known as the County Forest Fire Warden and most of the citizens of the county have thought of him only as a fire fighter.

During the past ten years the County Forest Ranger has taken on several responsibilities other than actual fire suppression. His job now consists of more or less general forestry work which includes forest management which deals with getting aid for woodland owners who want their woods thinned. He helps obtain seedlings for land owners, 4-H club boys and FFA boys who want to produce timber products on their non-agricultural lands. The County Forest Ranger can and will be glad to assist woodland owners in any of their forestry problems whether it be forest fire control or forest management.

**William Carter's House Burns**

The how, why and wherefore is still a mystery but Sheriff Ralph Jones says the mystery may be solved by the time this story is printed, as to the recent burning of a remodeled tenant house belonging to William Carter of Albemarle Township. Carter, a former constable in Albemarle, who was defeated in the last election, says he believes there is something fishy about smells attached to the mysterious burning. Four Negroes have been questioned but each pretty well established an alibi. Sheriff Jones said. He says his force will not let up until they have reached the bottom of the burning and the guilty culprit caught.
