Pink Hills Business Club

By J. R. GRADY
I had the pleasure of attending the monthly dinner meeting of the Pink Hills Business and Professional Men's Club last month. To me the meeting was an eye opener. The business and professional men of Pink Hills are taking their town and their business seriously. They meet once each month and participate in a round-table discussion of problems facing the community. They not only talk, they act. For example: the president, Linwood Turner, reported that the Pink Hills High School basketball team recently bought new uniforms. It was a case of necessity so they proceeded to order them without enough money to pay the full bill. What happened? The club had enough money in the treasury to pay the bill but instead of using it they voted to take up a collection then and there. Such they did and the results were enough money raised to more than pay for the basketball suits. Instead of putting the surplus in the treasury,

they voted to give the entire amount to the school.

Billie Tyndall, Mt. Olive undertaker, was there and told of his interest in establishing a funeral home in Pink Hills. He said he had looked over Pink Hills and Beulaville. After hearing the Pink Hillsians express themselves he told them Beulaville was definitely out of the picture, he would go to Pink Hills as soon as facilities were available. From the spirit of the men present I'll venture to say necessary facilities will be available shortly.

Recently Dr. Ruffin left Pink Hills and before he hardly got out of town the men had a new doctor coming. Now that they have the new doctor they are talking about getting a second doctor and building a clinic or small hospital.

Editor Bob Grady and Dr. Edwards reported on the proposed star mail route to run between Kenansville, Pink Hills and Albertson. The club is wholeheartedly behind the proposal. They discussed more street lights and a walk in the northern part of town from the last stop light to the Motor Park theatre. They'll get them too.

My thought is that the Pink Hills men have something that every town in Duplin County needs.

Pink Hill Business Men's Club Sponsoring Purebred Pig Chain

By JOHN E. JOHNSON
Several months ago the Pink Hills Business Men's Club donated about \$150.00 for the purpose of starting a Purebred Pig Chain for the Pink Hills FFA Chapter. A committee was appointed to supervise the selecting, purchasing and placing of these pigs. The committee set up the rules that will govern this project. They selected from 60 boys taking vocational agriculture at Pink Hills the five boys who met the requirements and presented them with a pig. These boys are to return a gift pig from the first litter, to be given to other qualified FFA members.

The boys are being encouraged to follow the most up-to-date methods of swine production; which includes housing, feeding, breeding, sanitation and management.

Some of the highlights of the program are for the boys to keep an account of breeding records, weight gained and learn the value of feeding a well balanced ration. They will also learn how to select, fit and show these animals.

The boys now having pigs are: Roger Post Hill, (who has already returned a pig to the chain), Fred Harper, Bobby Hicks, Kenneth Howard, James Howard, and Cecil Murphy, who received the pig Roger Hill returned to the chain.

It is the desired aim of the Pink Hills Business Men's Club in sponsoring this project to promote more interest in growing purebred swine in this community and to give young future farmers of America a good start in the business of farming.

SPORTS AFIELD

By TED KESTING
Sometimes even the most experienced sportsmen run out of supplies before getting back to their base. Here's an emergency kit that weighs only 1 1/4 pounds and can be carried in your hunting coat pocket. This will supply sufficient nourishment and shelter for a three day trip.

First, get a tin with a good lid that measures 5 X 3 1/2 X 2 1/2 inches. This is a standard size and easy to find. Then get the following: three packets dehydrated soup, three plain sweet chocolate bars, nine bouillon cubes one-half pound of rice, a short length of fishline, 3

or 4 hooks, waterproofed matches or matches in a waterproof box, a 4-inch piece of candle and 40 feet of 90-pound test cod line.

To pack these, first place the candle upright in one corner of the tin, then pack the nine bouillon cubes on the bottom after removing any bulky wrappings. Next place the three packages of dehydrated soup on the side of the can opposite the candle. Now pack the three chocolate bars upright in the can and pour in some of the rice to fill any spaces.

Place the hooks in a small envelope on top of the rice, put the lid on the can and seal it with 1-inch wide adhesive tape. Then wrap your fishline lengthwise around the can and wrap the cod line neatly around the side of it.

You should use the supplies in

A Day At Home Economics at B. F. Grady school is shown here. From left to right are: sewing, Shelby Jean Southerland, Peggy

this manner: For breakfast each day have one of the packages of soup, strengthened with one bouillon cube. For lunch, eat one chocolate bar bar, and for supper boil up one-third of the rice with two bouillon cubes. You do all your cooking in the tin container, after carefully unpacking it.

The candle is useful for lighting a quick fire. The cod line is used for lashing poles together when making a lean-to shelter; and the fishline and hooks are used if necessary, to augment your diet.

The kit is so light and handy, and when properly packed, will remain in good condition for many months.

OUTLAW'S BRIDGE STUDENTS TOUR STATE CAPITAL

Students of the Outlaw's Bridge School spent a day in Raleigh touring places of interest.

Teachers accompanying them to the Capital City were Viola Westbrook, Louis James Outlaw, Lucy O. Smith and Wilburn Williams.

Students making the trip were A. V. Jones, Curtis Simmons, Edward Holmes, Jr., John Webster, Peggy Carter, John William Carter, Ernest Quinn, Carolyn Stroud, Bryce Hardison, Janet Harrison, David Earl Blizzard, Betty Lou Dail, Bobby Alphin, Elsie Jones, Robert Grady, Ted Grady, Clay Hill and Alise Herring.

Delmas Deaver, Margo Deaver, Russell Barnett, Thurman Arnette, Paul Arnette, Herman Arnette, Freddie Taylor, Oma Faye Hardy, Benus Creel, Jr., George Bennett, Joyce Faye Williams, Lorraine Thompson and J. R. Lane.

N. C. BOOKLET OFF THE PRESS

A new booklet in four colors entitled "North Carolina - The Tar Heel State" has been issued by the

Jean Grady, sewing machine, Jo Ann Grady, ironing, Nellie Faye Parker, supervising, Miss Thelma

State Advertising Division. The booklet depicts North Carolina as a "Variety Vacationland" stretching from the highest mountains in Eastern America to 320 miles of Atlantic Ocean coast line affording sports fishing the year 'round. It also gives information about North Carolina's leadership in industry and agriculture, State government, State Capitol, and the State's history, including the story of how North Carolinians came to be called Tar Heels.

First edition of the booklet is insufficient for bulk distribution but it is hoped that the supply will

Dilday, instructor; and hemming, Norma Allen Smith and Lou Gene Smith. (Photo by Lincoln Kan.)

take care of all single copy requests.

At home on the Range with the
GENE AUTRYS

... of course; it's ELECTRIC!

GENE AUTRY, star of his own television and screen productions, also starring over CBS radio

"Inside the oven or on top of the range, food cooked electrically is 'tops' with us," says Mrs. Gene Autry. "My husband calls our Electric Range 'civilized cooking,' with its perfect temperature control and clean heat. And I like the way it keeps my pots and pans clean—the way they hug the top of the heating elements, there's practically no heat wasted into the kitchen."

For any kind of meal, an Electric Range is thrifty to use. Food waste is cut down because you get uniformly good results. And you're not tied down to continual pot watching, because this modern range does the watching for you.

Find out for yourself—at your dealer's!

Veal Chops California

Gene Autry's ideal meal

1 1/2 cups uncooked prunes
1/2 cup fat or salad oil
1 cup finely chopped onion
1/2 cup canned mushrooms
4 cups water

1 cup tomato sauce
4 large veal chops
1 teaspoon salt
Few grains pepper

Cook prunes 10 minutes in about 1/2 cup of water. Remove pits. Cut prunes into medium-sized pieces. Heat fat or salad oil in frying pan. Sauté onion and mushrooms 5 minutes. Add tomato sauce; cook 5 minutes longer. Add prunes, chops, salt, pepper and 2 cups water. Cover; simmer 1 hour. Add remaining water as needed. Yield 4 servings.

"GIVE ME THIS '51 DODGE
for long life...dependability"

"I've driven Dodge cars for years...know from experience that you just can't beat a Dodge for DEPENDABILITY"

—Says Don B. Alford, Chicago, Ill.

Here's why Dodge delivers more miles per dollar

EVERYTHING about this great new '51 Dodge—the way it looks, feels, rides and handles—tells you that here's a car that's built to last. It's a car that's stunning to look at, with plenty of head, leg and shoulder room—a car engineered from bumper to bumper to last longer, go farther, at lower cost.

Speed 8 Minutes With Us Five short minutes behind the wheel will tell you why this is the car for you—for the years ahead. You'll find that the new Oldlow

Shock Absorbers not only give you a truly new kind of ride—but the resulting smoothness and freedom from wheel "hop" and "bounce" mean less car wear, prolong car life. Famous Dodge Fluid-Drive, with its smoother starts and stops, "cushions" all moving parts from engine to rear wheels—adds to car life, saves tires, lowers costs.

Come In Today See how you could pay \$1,000 more for a car and still not get all the extra room and rugged dependability of this new '51 Dodge.

NEW KIND OF RIDE! New Oldlow shock absorbers let you float down roads so bad they stop other cars. Never before anything like it!

The First Dependable

DODGE
Just a few dollars more than the lowest-priced cars
