Mrs. Chas. Sheffield Is Bridge Hostess

On Thursday evening Mrs. Charles Sheffield was hostess when she entertained at a session of bridge at her home on Pollock street. Guests included members of her club and an additional table. An arrangement of white lilies and

white larkspur ornamented the living room and variegated larkspur were used elsewhere in the home. A novelty milk container was won by Mrs. Ed. Hines for club high and Mrs. Hines also received a butter slicer for traveling. Visitor's high, a fruit juice set, went to Mrs. R. W. Riggs. Upon arrival the guests were served punch from a punch bowl in the dining room and throughout the game punch was enjoyed. Refreshments consisted of chicken sa-

Free Will Baptist Auxiliary Meets

The original Free Will Baptist Ladies auxiliary held its regular monthly meeting at the home of Mrs. E. C. Taylor on Wednesday night at eight o'clock. The meeting opened with the singing of "For the Night is Coming." Mrs. E. C. Taylor led the devotional. Mrs. Lonnie Denson and charge of the program. Those taking part in the program were Mesdames Robert Pope, Mrs. Lester Anderson and Mrs. S. E. Parker. The meeting closed with a prayer led by Mrs. John S. Eason, the hostess. Mrs. Robert Pope served sandwiches, congealed salad, cookies and drinks

Intermediate Girls Auxiliary Meets

POWER-PACKED

- and then some!

There are a lot of reasons you can expect a new GMC to keep hauling a lot longer than any other truck you can buy.

First is the fact of horsepower. Whether it's a gasoline-powered 1/2- to 2-tonner with horsepower unbeaten in its class, or one of the new heavy-duty Diesels—you can't beat a GMC for "go"!

But the extra value you find in these great trucks doesn't end at the power plant.

There's the smooth GMC Synchro-Mesh Transmission linked to a sharp-shooting drive line, pouring every ounce of power back to the rugged rear axle. And the solid way horsepower becomes wheel-action—you know there's extra depth of truck performance engineered right down through a GMC's broad-shouldered frame!

And standing guard over these long-time trucks are husky brakes with more area than most—the surest, easiest steering ever devised to direct a pay load home—all controlled from a spacious "Six-Footer" Cab that's Weathersealed for a lifetime.

GMC's come in the widest range of engine-body-chassis combinations to fit any trucking need. The prices? No better buy anywhere! Come see for yourself!

Mr. Tobacco Farmer

Once again we are approaching another curing season. As a friendly reminder we wish to advise that you inspect and repair all tank supports to prevent tanks falling, since we cannot be responsible for losses due to inadequate supports.

Also, in order to give you the same service that we have tried to give in the past, we expect to begin delivering at once. Oil curing has increased constantly over the years and we will exert every effort to keep pace and render good service that you, our customers, have the right to expect. Too, because of the large capital required and other circumstances, we will sell on cash basis, as in the past.

We wish for each and every one of you the best and most prosperous season ever.
