Log Cabin Hostess

Blueberries are in season again! A short season this, so make the most of them by using in a variety of ways. Of course, they're wonderful for "as is," dewy fresh and crystal cool. But give your family a variety of blueberry treats; serve these wonderful, fresh "blues" in cobblers, muffins, pies, puddings, shortcakes. And, for something different, how about Blueberry Waffles a la Mode? Top warm, fragrant waffles with a scoop of vanilla ice cream and "sauces" with golden, maple-blended syrup. That's a special combination you can serve for dessert or for afternoon refreshments. The recipe for the waffles is given below. No recipe is needed for the sauces; simply use the maple-blended syrup just as it comes from the bottle or familiar log cabin tin.

BLUEBERRY WAFFLES A LA MODE
 2 cups sifted flour
 2 1/2 teaspoons double-acting baking powder
 1/4 teaspoon salt
 3 eggs, well beaten
 1 1/2 cups milk
 1/2 cup melted shortening
 1 cup blueberries

Sift flour ones, measure, add baking powder and salt, and sift again. Combine eggs and milk. Add to flour mixture, add shortening, then mix only until smooth. Add blueberries to batter. Bake in hot waffle iron. Serve with scoop of vanilla ice cream and maple-blended syrup.

Freak Fire In Wolfscrape

A fire that refused to be drowned caused slight damage to a tobacco barn on the farm of Henry King in Wolfscrape.

According to these reports, during one of last week's heavy rains, water ran into one of the barn's furnaces, where an oil burner had been installed, and when help started to get the water out, thinking the fire was out, a film of oil on the water caught fire as it was brought back by the burner, and flames leaped up the side of the barn.

Water standing in puddles after the rain was used to douse the fire before much damage could be done.

The Lazy J Ranch's 1936 Ford F-3 Express with POWER PILOT was one of more than 5,000 Fords in the nationwide, 25-million-mile Ford Truck Economy Run.

"My ranch 'workhorse' runs for only 2 1/2¢ a mile!"
 Ranch owner George Stephens proved for himself, in the big Economy Run, just how little it costs to run his Ford Truck!
 "The Lazy J's Ford Express did itself proud in the Ford Truck Economy Run," says Stephens. "Daily records kept during the entire six months show that our Ford Truck ran up a total of 5,109 miles. My out-of-pocket expense for gas, oil, maintenance and repairs was exactly \$123.51... about a 23¢ bill each month... only 2 1/2¢ costs a mile!"
 The Ford Truck POWER PILOT carburetion-ignition system is one reason why Ford Trucks cost so little to run, in ranch work or any work. The POWER PILOT gives you the most power from the least gas. In the low-price field, only Ford has it!
