68 Years Old, Yet Now Climbs 155 Feet to Work on Scaffold

HADACOL Relieves the Cause of Nervousness and Weakness When Due to a Lack of Vitamins B₁, B₂, Nicotin and Iron.

Seems like more and more folks are finding out every day that they have to keep themselves in tip-top condition to really stay on the ball as far as doing a good job is concerned. Mr. John L. Napier, Route 1, Moselle, Mississippi, certainly found out that aches and pains, weakness and nervousness were interfering with his work as a bricklayer and carpenter.

But Mr. Napier heard how HADACOL was helping folks with such conditions that may have been due to deficiencies of Vitamins B₁, B₂, Iron and Nicotin.

Here are his own words: "Before taking HADACOL, I was suffering with aches and pains for awhile. Then, came the time when I was weak and nervous. I am a carpenter and bricklayer. I also run a farm. I kept feeling bad and getting worse. Then I heard about HADACOL and immediately began taking it. After taking only one bottle, when I retired at 9 P.M. I would fall asleep immediately.

After the third bottle I went back to work, carpentering and laying bricks. Now, I climb as high as 155 feet and work all day on a scaffold. I have never felt so well in many years. I am 68 years of age. And, when there is no carpenter or brick work to do, I work on my farm, planting and harvesting my crops. Thanks to HADACOL."

There's a clue that may help you, if you are suffering from a lack of Vitamins B₁, B₂, Nicotin and Iron. Why continue to suffer... why experiment... why let your distress drag you farther and farther down? For it is these very Vitamins and Minerals you may need that HADACOL supplies in a quantity greater than the minimum daily requirements. And this marvelous formula contains helpful quantities of Phosphorus and Calcium, too.

HADACOL builds up the hemoglobin content of the blood (when Iron is needed) to send these elements coursing, surging, throughout your body, to every body organ. Already dissolved, in a special liquid form, the elements are absorbed quickly and easily in your system. Carries a strict money-back guarantee.
