Fumigating an acre of tobacco land for nematode control has given outstanding results for Dave Mercer, Pink Hill farmer, reports L. F. weeks, Duplin farm agent for the state College Extension service.

Mercer is keeping detailed records on the tobacco produced on the treated acre to compare with tobacco grown in an adjacent acre which was leit untreated. Even before selling the crop, however, the Duplin farmer is thoroughly convinced that soli fumigation pays and he plans to treat every acre he plants next year.

10 extra days of shooting this fall.
Acting secretary Richard D. Searles, Jr., signed new migratory waterfowl hunting regulations, liberalized because of favorable conditions Bring Your Cotton To The errowl hunting regulations, liberalized because of favorable conditions on the northern breeding grounds throughout the summer.

Albert M, Day, director of the fish and Wildlife Service, said he hopes the longer seasons would "give gunners in every section of the country good opportunities for shooting, regardless of unpredicable weather conditions."

The bag and possession limits for ducks remain the same as last year. Changes for this year include:
Atlantic Flyway (eastern seaboard states)—a 45 day open season, an increase of five days. States selecting a split season will have two periods of 18 days each. For the first time since 1946 this flyway will have a 10 - day brant season with a daily bag and possession limit of three, The coot bag limit has been reduced from 15 to 10. The bag limit of four ducks and eight in possession remains the same.
