**The STRENGTH of many strands!**

Taken one by one, the slender cords that make up a mighty cable could each be broken under strain. Twisted together, however, they form a strong, dependable unit capable of standing great strain with no danger of breaking.

The strength of the Waccamaw Bank, too, stems from thousands of small strands woven together in a great body — more than 18,000 accounts strong. These accounts are from people in every walk of life — the wealthy, and people of modest means; farmers, business people, professional men and women and workmen. The strength of the Waccamaw Bank rests on the broad base of the total of industry, agriculture, and business in a wide area.

Through war and peace, depression, or great prosperity, or normal days, you will find the Waccamaw Bank not only a safe place to deposit your money, but also a dependable source of sound, economical credit for every worthwhile purpose.

We invite you to join the thousands of businessmen, professional men and women and farmers who find complete and dependable financial service in the nearest Waccamaw Bank.
