## Garden Therapy Chairman Most Active

When Mrs. Kathleen Snyder put the members of the Warsaw Garden Club to work at the January program, she was just concluding a series of demonstrated lectures on "Xmas Decorations from Home Materials", given to Garden Clubs in the following towns: Wilmington, Faison, Kinston, and Kenansville.

In each of these programs she stressed her Garden Therapy work by showing handwork that can be taught to a shut-in who is able to do something while sitting up and little corsages that can be made by the members to take to the sick person. Some of these articles included pillow corsages, organdy party aprons with many serving pockets, hand painted towels and luncheon sets, etc.

The Wilmington news reporter who wrote up Mrs. Snyder's lecture put as a caption under her picture "What a Woman can do with a Halarpin and a Pine cone." But he hasn't seen anything until he finds her at work on worn-out nylon hose and screen wire.

The February Meeting of the Warsaw Garden Club will be held February 14 at the home of Mrs. George Bennett.
