

Deaths

Mrs. Margaret Tyndall, 77, died at Farratt Memorial Hospital in Kinston about 3:30 a.m. Friday, following a short illness. She was the wife of Pinckney S. Tyndall, prominent farmer of the Noble's Mill section of Lenoir County, and a daughter of the late Zack and Sophie Harper Howard of Lenoir County.

Last rites were conducted from the home at 4 p.m. Sunday, with burial in a nearby family cemetery.

Survivors, besides her husband, include six sons: Luther Tyndall of Beaufort and Milton, Ray, Darwood, Edwin and Franklin, all of near the home; three daughters, Mrs. Charlie Davis of Deep Run and Mrs. Albert Kennedy and Mrs. Lloyd Ray Riggs of the home; a brother, Rufus B. Howard of Kinston; two sisters, Mrs. John Heath of Trenton and Mrs. Ella Murphy of Richlands; 14 grandchildren and two great-grandchildren.

Mrs. Serena Whaley, 78, widow of the late Felix Whaley, well-known resident of the Noble Mill section of Lenoir County, died at her home about 4 a.m. last Friday following a brief illness.

She was a daughter of the late

Everett and Lear Harper Howard of Lenoir County.
 The funeral was held at Smith's New Home Free Will Baptist Church on the Richlands Highway at 2 p.m. Sunday. Her pastor, Rev. C. L. Patrick officiated and Rev. C. L. Lupton, Free Will Baptist minister of Bayboro assisted at the rites. Burial followed in the Harper Cemetery near Irving's Crossroads.

Mrs. Whaley was a member of Smith's New Home Free Will Baptist Church for many years.

Surviving are: seven daughters, Mrs. S. D. Turner of Seven Springs, Mrs. Rufus B. Howard of Kinston, Mrs. Amos Howard of Pink Hill, Mrs. Ellis Davis and Mrs. Adolph Howard, both of Deep Run, Mrs. Mack Smith of Pink Hill and Mrs. Rachel Taylor of Richlands; one son, Clayton Whaley of Deep Run; 47 grandchildren; 51 great-grandchildren and one great-great-grandchild.

Mrs. Whaley's husband died in 1936.

OUTLAW'S BRIDGE
 The A.U.W. will meet Saturday afternoon March 8th at 2:30 in the church. Mrs. L. C. Prater and Miss Pauline Outlaw will be co-hostesses. All members are urged to attend. Mrs. Skeels, A. U. W. State president is expected for the meeting.

Rev. L. C. Prater filled his regular appointment in the Kinston church Sunday morning.

Dr. and Mrs. S. P. Watson of New Bern were among visitors with Mr. and Mrs. Ben Frank Outlaw Sunday afternoon.

NEWS AMONG THE COLORED

Miss A. M. Kenion, Supervisor, Entertains
 Miss A. M. Kenion, Supervisor of Duplin County Negro Schools entertained the teachers with a luncheon recently. Dainty, assorted sandwiches, peanuts, mints, and hot coffee with ice cream and cookies as a dessert were served. Speakers for the evening were Supt. O. P. Johnson, and Dr. S. E. Duncan, Supervisor of Negro High Schools of North Carolina.

Other guests included Mr. E. R. Williams, District Manager of North Carolina Mutual Life Insurance Company, Goldsboro, N.C., and Miss Inez Barkley, County Health Nurse.

An enjoyable evening was spent by all.

Pig Chain Is Started
 A purebred pig chain for Negro 4-H Club members in Halifax County has been started by the county's Negro Home Demonstration Council.

The chain was started with the placing of a Poland China gilt with Curtis Ward of the Tillery Chapel 4-H Club. Ward was chosen to receive the first pig because of his outstanding achievements in 4-H.

According to D. J. Knight, Halifax Negro farm agent for the State College Extension Service, Ward has been a 4-H member for three years. The first year he had a successful pig project. In 1960 and 1961 he won the title of county corn champion by producing 106.3 and 115.6 bushels of corn per acre. Last year he also produced one and a quarter bales of cotton per acre.

For two years he has been treasurer of his local club, which raised more than \$200 through programs and entertainments. The club of 78 members is free of debt and has a balance of \$45. E. M. Hardy is teacher-advisor and W. L. Heritage is principal of the school.

Ward pledged to keep accurate feeding and breeding records on the gilt. He will breed her to a purebred Poland China boar and give the Home Demonstration Council two eight-week-old gilts out of the first successful litter of six or more pigs. The Council will in turn donate these gilts to other outstanding 4-H members.

Chick Brooders Should Be Ready

Before you get your baby chicks, be sure you have the brooding house ready for them, advises T. T. Brown, associate professor of poultry science at State College.

Brown says the house should be heated up to about 85 degrees at the edge of the hover and two inches from the floor. Then the chicks will be comfortable as soon as they are taken into the building.

Pointing out that most of North Carolina's millions of baby chicks are started in March, the State College professor offers these additional tips on brooding:

- Provide good litter. Wood shavings and crushed corn cobs work well. It's best to spread some paper down over the litter around the brooder for a few days.
- Have feed and water down when the chicks are placed in the house. It's important to keep fresh water and feed before the chicks at all times. Give the watering fountain a good cleaning every day.

Eggs And Oranges Plentiful Food

Eggs and oranges are expected, by the U. S. Department of Agriculture, to be among the most plentiful foods in the Southeast in March. Mrs. Alta Koriegay county home demonstration agent for State

Joe Jackson in College Choir

Joe Jackson, an outstanding freshman at Gardner-Webb College, Bowling Springs, N.C., and a member of the college choir which is beginning its annual spring tour Sunday.

Joe Jackson, a native of Goldsboro is a religious education major and is also a member of the Baptist Student Union, the Gospel Club, and is a chorister in the Christian Volunteer Band.

Of the dozen major rivers in North Carolina only one—the Cape Fear—flows directly into the Atlantic Ocean.

It's the other fellow's Telephone...

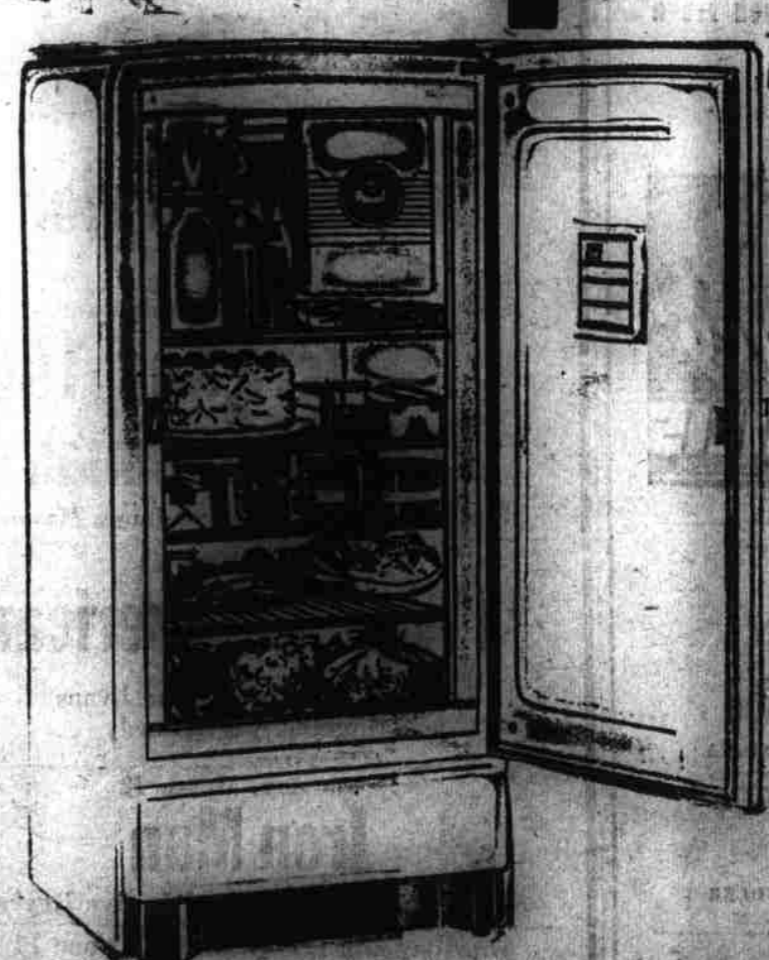

that makes yours so Valuable!

If your telephone were the only one in town, it wouldn't be worth very much to you. It's the people you can call, and the people who can call you, that makes your service so valuable.

Since World War II the Carolina Telephone and Telegraph Company has more than doubled the number of telephones in its area. That has made your telephone more and more valuable. But the cost of furnishing your telephone service has gone way up—and the cost of adding new telephones and improving service in your area has increased greatly. To meet these increased costs, we have asked the North Carolina Utilities Commission for increased rates. These rates are necessary to maintain and increase the value of your service.
