Baptist Young Ladies Perfecting Plan Of Work For Newly Formed Organization

With a definite missionary motive and a progressive plan of work the young ladies, ages 17-24, of the Warsaw Baptist Church met Monday night, at the home of the newly selected Counselor, Mrs. Hazel Sharpe, to perfect their organizational plans and to begin their actual work. Their name implies their purpose: "Y.W.A."—Yoking with Christ, Working for Christ, Abiding in Christ, Yoking through acceptance of Christ's way of life, coming to learn of Christ in Bible study, seeing his plan for the world through missions programs; and by studying the progress of the Kingdom, Working through our service with our lives and our possessions; Abiding in Christ in our prayer plans, consistent Christian living as outlined in ideals including Sabbath observance, temperance and Christ-like character.

Although designed to meet the needs of Baptist young ladies the membership is not restricted to members of the local Baptist church. All young ladies of this age group wishing to be missionary minded, to know missions, to do mission work, and to develop their leadership capacity for future use are invited to attend each meeting.

A nominating committee was appointed to elect the new officers. It is composed of the following: Mabel Byrd, Helen Sutton and Helen Torrains.

Baptists Planning Youth Emphasis This Week

Warsaw's first Youth Emphasis Revival will be conducted at the Warsaw Baptist Church next Friday, Saturday, and Sunday, March 7-9. Each youth committee is actively promoting the work under the direction of the pastor, Dr. Greenlaw, and the youth steering committee composed of Miss Joyce Ann Jones, Peggy Mitchell, Deana Pollock, Bill Straughan, Paul Berry, Charlie Allen, guest minister of

last year, will be the preacher. With him will be two students from Wake Forest to assist at the piano and in leading the music. Much emphasis will be placed on music and its place in youth's relationship to Christ. Open forums, personal conferences and general singings will be held in addition to worship services and visitation.

The various youth groups of all Warsaw community churches have received special invitations to participate in this special youth revival emphasis. The public is cordially invited to attend the services on Friday and Saturday evenings and on Sunday morning. The team will conduct the morning worship service as well as speaking before different departments in the Sunday School.

The Original Oil Burning TOBACCO CURER

The Device That Revolutionized Tobacco Curing!

TOBACCO GROWERS — Now is the time to begin thinking and planning your 1952 crop. We can solve your barn and curing problems. Curing tobacco is our job... improvement our aim. Your success means to us our success. People who know tobacco best use Smith's Curers.

The people who know tobacco best — the manufacturing companies — are the biggest users of Smith's! We also export more Curers each year than some manufacturers build — this is proof enough that Smith makes the best TOBACCO CURERS!

SMITH'S MODEL "A" CURERS

One of the most economical and efficient Curers on this market today. Equipped with approximately 12,230 B.T.U. factory rated burners that do not flash up from wind blowing, thus you can cure tobacco with your barn door open.

The Model "A" Curer is available with four lines of burners up to 20 x 20 ft. and six lines for barns 20 x 20 ft. and larger.

MODEL "D" SIX UNITS

Engineered and manufactured so that the heavy grade galvanized steel hoods or enclosures under which the powerful burners are placed will allow better distribution of heat. Wind Breaker sides and built low to avoid scorching. Available in several sizes. Also use D for curing lumber, vegetables, chicken brooders, ect.

SMITH'S NEW "UTILITY" MODEL TOBACCO CURER

Because of its low initial cost plus its efficiency and high quality materials used in its construction Smith's "Utility" Model has proven to be a wonderful success. It has the same powerful burners as in "A" and "D" Models. Simple to install. Two lines for barns 10 x 10 ft. and three lines for 10 x 20 ft. and larger.

THE FINEST, MOST ECONOMICAL CURER THAT MONEY CAN BUY.
